## Blue Springs School District Media Permission Form

The Blue Springs School District works with information exchange networks; authorizes, prepares, and generates broadcast transmissions (e.g., television, radio, Internet); and produces audio, video, and imaging media that are used for communication, descriptive, educational, promotional, and publication purposes. Media materials created by district employees and/or developed as a result of a contracted service agreement remain the discretionary property of the district and may be: 1) retained for future use; 2) edited as necessary; 3) used in whole, part, or be deleted; and/or 4) distributed or sold without participants being entitled to monetary claims or royalties.

Parent/Guardian permission must be granted for their student to be included in district related media materials. Student permission is required in lieu of parent permission when the student is 18 years of age or older.

The following information, including adult/guardian or student signature and form completion date, must be submitted to the school office by the directed date on an annual basis (i.e., generally, at the time of enrollment/registration).
