Pre-AP Biology

Enrollment Form...Science

- No matter whether you took regular or accelerated Physical Science, **IF** you meet the prerequisites (see pages 81-82), you may “double up” on your science, taking Chemistry I or Pre-AP Chemistry.
- It is recommended that APBS students take both a biology and a chemistry class.
- If you have the prerequisites, you may take Physics - see page 83.

Important Note: These are challenging courses! Talk to your current science teacher and your counselor to determine if this coursework is a good choice for you!
