

Biology One

Mr. Brett Anwander

Room 210

Welcome to Biology One. This is a class that examines all parts of living science. You will leave this class with an understanding of life, from the smallest cell to the largest ecosystem. You will learn important Biology facts and ideas while becoming skilled scientific problem solvers. In Biology One you will have more work that you will be responsible for than in your previous science classes.

1st semester topics

Scientific Method
 Graphing
 Chemistry
 Macromolecules
 Enzymes
 Ecology
 Cells
 Photosynthesis
 Cellular respiration

2nd semester topics

DNA
 RNA
 Genetics
 Mitosis/Meiosis
 Evolution
 Anatomy
 Fetal Pig Dissection

Class Policies

1. Late work will be accepted for half credit.
2. Exams must be made up within 1 week of the test date at 7:00 A.M.
3. We will be Dissecting a Pig Second Semester.
