PURPOSE

This Course Description Book has been developed for the students and parents in the Blue Springs School District to present important information about programs and courses offered at the high school campuses. Students and parents should be able to combine the information in the guidebook with advice received from teachers, counselors, and administrators in order to make decisions about courses that will provide students with the education they need for their future plans. Students and parents are encouraged to keep this guidebook as a handy reference to use throughout the school year. The web address is <http://www.bssd.net>.

Courses listed in this guide exceed the number of courses that ultimately will be offered. Only those with a sufficient number of students enrolled will be placed in the master schedule.

BLUE SPRINGS R-IV SCHOOL DISTRICT MISSION STATEMENT AND PHILOSOPHY

Mission Statement: The mission of the Blue Springs School District is to create an educational community in which each individual acquires knowledge, develops skills, and functions as a literate citizen to achieve personal goals.

Philosophy: The Blue Springs School District is dedicated to the proposition that each child in the district, regardless of sex, economic or social status, geographic location, race or individual difference, should experience a broad and balanced education. In order to accomplish this goal, a variety of programs and teaching methods will be employed to meet the various needs and differences in the abilities of the students. The objective of the Blue Springs School District is to establish a program to deal with each student's special gifts, and to allow each student an opportunity to attain maximum achievement.

NOTICE OF NON-DISCRIMINATION

The Blue Springs School District does not discriminate on the basis of race, color, national origin, sex, religion, social economic status, disability, or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups. The following persons have been designated to handle inquiries regarding the non-discrimination policies:

Student & Employee Related Inquiries: Assistant Superintendent of Human Resources
Blue Springs School District
1801 NW Vesper, Blue Springs, MO 64015
(816) 224-1300
Fax: (816) 224-1764

Student Disability Related Inquiries: Assistant Director of Special Education
Blue Springs School District
1801 NW Vesper, Blue Springs, MO 64015
(816) 224-1300
Fax: (816) 224-1764

Facilities Related Inquiries: Director of Buildings & Grounds
Blue Springs School District
1801 NW Vesper, Blue Springs, MO 64015
(816) 224-1300
Fax: (816) 224-1764

PLANNING AND POLICIES

Students are encouraged to use this course description book to carefully create a Personal Plan of Study that will assist them in reaching their educational and occupational goals.

We suggest that you:

- Review all requirements for graduation
- Read the information on career paths
- Read all information given about each course
- Complete a 4-year Personal Plan of Study

REQUIREMENTS FOR GRADUATION

ATTENDANCE: According to Board of Education Policy #5.45, eight semesters of attendance are required of all students in the Blue Springs School District.

U.S. AND MISSOURI CONSTITUTION TESTS:

Students must pass the U.S. Constitution test and the Missouri Constitution test in order to graduate.

CLASS OF 2012 and Beyond

Communication Arts (English I or English Lit & Comp, English II or World Lit, English III or AP Language and English IV or equivalent English classes).....	4
Social Studies (Geography ½ Unit, American Government ½ Unit, World History 1 Unit, US History 1 Unit).....	3
Math (must include 1 Unit in Algebra & 1 Unit in Geometry).....	3
Science (1 Unit Physical, 1 Unit Biological, 1 Additional Unit)	3
Practical Art (Business, FCS, Marketing, Yearbook, Project Lead the Way, Industrial Ed, Career & Technical Class).....	1
Fine Art (Music, Art, Drama, or Forensics).....	1
Physical Education	1
Health	1/2
Personal Finance	1/2
Electives (must include ½ credit in a technology class & ½ credit in a speech class)	7
TOTAL CREDITS.....	24

Speech Requirement Courses (2012 and Beyond)

- Communications
- Debate
- Forensics
- Introduction to Theater

Technology Requirement Courses (2012 and Beyond)

- AP Computer Science
- Beginning C++ Programming
- Business Technology

Computer Applications/Advanced Computer Applications
 Computer Composition
 Desktop Multimedia
 Human Body Systems-PLTW
 Introduction to Engineering
 Marketing I
 Principles of Engineering
 Video Technology/Video Production

*There may be additional courses that will fulfill the technology requirement, such as a CTC or Summit Tech course.

Please see your counselor for more specific information.

PREREQUISITES

Certain courses have prerequisites that must be fulfilled for a student to enroll properly. The prerequisite courses offer skills that must be mastered in order to be successful in subsequent courses.

RECOMMENDED COURSES OF STUDY

Various departments have recommended courses of study. These recommendations provide guidance to the vast majority of Blue Springs School District students. **There may be special situations or circumstances that would suggest deviations from those recommendations (i.e. a student transfers in from a language magnet school.)** Students, parents, and staff should exercise care and prudence when deviating from those recommendations. If a student believes his or her best interest will be served by varying from the recommended courses of study, he or she should consult their parents and counselor.

INDIVIDUALIZED COURSE SEQUENCING

Exceptions to course sequencing can be made to individualize a student's educational experience. If a student, due to summer courses or individual learning experiences, feels he or she may qualify for individualized course sequencing, he or she may take a skills and knowledge placement inventory or participate in an interview with the department chair. Placement in the desired course will depend on availability of space in the course. Minimum requirements must be met to advance to a higher-level course. The department chair or instructional coach will complete the evaluation and give the request to the counselors subject to administrative approval.

GRADE PLACEMENT AND CREDIT INFORMATION

Classification for the class of 2012 and beyond will be made according to units or credits earned by the first of each school year (as per board policy #5.43). Students will be classified as follows:

Sophomore	6-10½ Units of Credit
Junior	11-16½ Units of Credit
Senior	17 Units of Credit and Over

ACCEPTANCE OF OUTSIDE CREDITS

Definition

An outside credit is defined as any credit earned by completing a correspondence course, by attending another accredited district's night school, a home-school class, or by attending another accredited school district's summer school.

Credits earned by attending a Blue Springs high school summer school, night school program, or computer-based PLATO are not classified as outside credits. MOVIP credits do not count as outside credits.

Regulations

1. The **maximum number of outside credits**, which may be counted toward the total credits required to graduate from a Blue Springs high school, is three units of credit (6 semester courses).
2. No more than two outside credits (4 semester courses) may be counted in any one school year.
3. The principal and/or counselor may request a copy of the course syllabus, tests, and method of grade determination for any outside credit courses prior to accepting these as appropriate for fulfilling the graduation requirements of the Blue Springs School District.
4. A consultation with the high school counselor is recommended prior to enrolling in any courses taken outside of the regular school day.
5. A student must request an "outside credit" form from his/her counselor.

TRANSFER CREDITS

In order to be eligible for a diploma from a Blue Springs school, a transfer student must earn a total of 24 credits and successfully complete all specific Blue Springs graduation requirements.

The district reserves the right to administer tests to determine acceptance of high school credits in order to graduate from a Blue Springs high school (Board of Education Policy #5.33).

Weighted courses for students transferring into the district high schools will only be given honor points for college credit and AP courses offered at the Blue Springs high schools (i.e. Advanced Placement Italian will not receive an Honor Point as it is not available in the Blue Springs District).

YOUR CHOICES AFTER HIGH SCHOOL

ON-THE-JOB TRAINING

Some occupations do not require training prior to employment; rather additional training and skills required beyond high school are provided by the employer.

APPRENTICESHIP

Apprenticeship is a three to four-year training program in which money is earned during the learning process, while working on the job. A license is received at the end of training. Examples of trades that use apprenticeships are bricklaying, jewelry making, electrical repair, etc.

CAREER TECHNICAL SCHOOL (VOCATIONAL)

Programs at these schools are generally from one month to four years in length. Examples of vocational technical programs include practical nursing, robotics, and some areas of business.

COMMUNITY/JUNIOR COLLEGE

Community colleges offer two-year “degree” vocational training, associates degrees, or credit transfer to a college or university where a bachelor’s degree can be pursued. Most community colleges have an open enrollment policy for high school graduates and individuals with GED’s.

COLLEGE/UNIVERSITY

A bachelor’s degree requires approximately four years of college. A master’s degree usually requires one to two years of college beyond the bachelor’s degree. A minimum of a bachelor’s degree is required for approximately 20% of the occupations in the United States. Entrance requirements depend on the desired program/major.

MILITARY

Training is available for many jobs while you are enlisted. You may also receive financial assistance for college, room and board, salary, and insurance benefits. High school graduation is required. Military appointments to academies, such as West Point or the Air Force Academy involve a lengthy process. Please inform the counselor during the sophomore year if interested.

Army – 816-229-1747

Navy – 816-229-4617

Coast Guard – 1-800-438-8724

Air Force – 1-800-423-8723

Marines – 816-228-6207

POST-HIGH SCHOOL EDUCATION ADMISSIONS REQUIREMENTS

CURRICULAR AREAS	Entering Freshman University of Missouri System Credit Requirements	Missouri Public 4 Year Colleges (UCM, MSU) Credit Requirements	Community & Technical Colleges	Military Careers	Apprenticeships
COMMUNICATION SKILLS	4 Units	4 Units	High School Diploma, GED, or a Completion of Home School Program	High School Diploma or a Certificate of Completion of Home School Program	Most Require a High School Diploma or a GED and must be at least 18 years of age
SOCIAL STUDIES	3 Units Govt ½	3 Units Govt ½			
MATHEMATICS	4 Units Alg I & Higher	3 Units Alg I & Higher			
SCIENCE	3 Units 2 of 3 from Bio, Chem, Physics & Earth Science	3 Units No General Science 1 must be a lab class			
FINE ARTS	1 Unit	1 Unit			
PRACTICAL ARTS	0 Units	0 Units			
PHYSICAL EDUCATION	0 Units	0 Units			
ELECTIVES	5 Units	6 Units			
ADDITIONAL ELECTIVES	2 Units 2 Years of the same foreign language	3 Units selected from foreign language &/or core courses			
TOTALS	22 Units Plus appropriate class rank and a minimum score of 24 on ACT	22 Units Plus appropriate class rank and ACT score			

The Blue Springs A+ program encourages students to stay in school, make career plans, tutor younger students, and graduate with the skills and knowledge required for career success or further education. If students in the class of 2012 and beyond meet the criteria established below, as well as any additional criteria that may be established by the state in the future, and the Missouri General Assembly continues to fund the program, students may be eligible for two years of tuition scholarship to the community college or vocational school.

An A+ student must:

- Complete and sign an A+ School Agreement and it must be turned in to the A+ office
- Attend an A+ school for three consecutive years prior to graduation (grades 10-12)
- Graduate with an unweighted cumulative GPA of 2.5 or higher on a 4.0 scale
- Graduate with a 95 percent cumulative attendance record for grades 9-12
- Perform 50 hours of unpaid tutoring or mentoring to other students in the Blue Springs School District under the supervision by a certified teacher
- Maintain a record of good citizenship and avoid the use of alcohol and unlawful drugs
- Apply for non-pay back scholarships by completing a FAFSA (Free Application for Federal Student Aid)
- Attend a Missouri community college or post-secondary vocational/technical school on a full-time basis and maintain a GPA of 2.5 or higher

HOW DO YOU BECOME AN A+ STUDENT?

It is easy to become part of the A+ Schools Program. Simply read the citizen guidelines and complete the Blue Springs R-IV Schools Program Agreement. As long as you meet all the requirements, you are on track for the A+ scholarship. It is recommended that students sign up early in their high school careers. This allows students time to complete the tutoring portion of the A+ requirements and receive college and career information. It also allows time for the A+ coordinator to monitor the students' GPA and attendance.

It is recommended that students sign up even if they think they are going to a four-year college or not going to college at all. The Blue Springs A+ Schools Program is an opportunity for students to access additional education after high school; it does not obligate them to use the A+ tuition reimbursement.

WHAT ARE THE BENEFITS OF BEING AN A+ STUDENT?

- A student graduating with A+ status may be eligible for two years of tuition grants to attend any public Missouri community college or vocational/technical school as a full-time student. An A+ student may be eligible for scholarships from four-year colleges and universities.
- The tuition grants may be available to the A+ student up to four years after high school graduation.
- Students graduating from a two-year school may be eligible for transfer scholarships to four-year colleges and universities.

For additional information about the Blue Springs A+ Schools Program, contact the A+ coordinator at your high school.

PLANNING FOR COLLEGE CREDIT

Earning college credit as a high school student

How can I earn college credit in high school?

- Dual Credit – courses taken at the high school taught by a high school teacher that has been approved to teach a college credit class.
- Advanced Placement (AP) – nationwide program of college level courses sponsored by the College Board; credit may be received by earning a satisfactory grade on a fee-based nationally standardized exam.
- Articulated Credit - Articulated credit is awarded when a student earns college credit after completing a state-approved occupational program or course that addresses the same competencies as its “articulated” college program or course.
- Trailblazer Collegiate Academy – a program which allows students to earn a high school diploma and associate’s degree at the same time.

What is the difference in the coursework?

For AP, Dual Credit, and Articulated, no additional coursework is assigned to receive college credit. Students should be aware that the coursework in these courses does parallel a college curriculum and, therefore, tends to be more rigorous than traditional high school courses.

DUAL CREDIT

Dual Credit – Blue Springs high schools offer several dual credit courses through area colleges. Dual credit may be earned in high school and college if the student meets enrollment guidelines as established by the Missouri Coordinating Board for Higher Education (CBHE). Please visit <http://www.cbhe.state.mo.us> for a complete description of eligibility guidelines. The student must apply to the college, be accepted, and pay a reduced fee for college credit to be awarded. **An overall GPA of 3.0 is required for all core classes (math, science, social studies, English). A 2.5 overall GPA is required for non-core classes (Career Technical Classes).** For each course, the same course objectives are taught in the high school setting as in the college setting. Upon satisfactory completion of the course, the student may request that a transcript verifying the credit earned be sent to colleges of the student's choice. College credit courses are listed in the course description section. **It is the student’s responsibility to check if the college in which they plan to enroll will accept the dual credit.**

ADVANCED PLACEMENT

Advanced Placement

The Advanced Placement (AP) Program is a nationwide program of college level courses and exams for secondary school students. AP courses provide students a rigorous, college level curriculum. The Blue Springs R-IV School District offers AP courses in the following areas:

- | | |
|----------------------------|----------------------------|
| • AP Biology | • AP European History |
| • AP Calculus AB | • AP French |
| • AP Chemistry | • AP Government |
| • AP Computer Science | • AP Music Theory |
| • AP English Language | • AP Physics |
| • AP English Literature | • AP Spanish |
| • AP Environmental Science | • AP United States History |

In addition to the high school credit received for the course, AP students prepare to take the Advanced Placement Examination in May. Almost all colleges and universities in the United States recognize the scores received on the AP exams and give credit accordingly. However, students must realize that all colleges do not follow the same procedures upon receipt of Advanced Placement Examination grades. Many colleges grant college credit and placement automatically for qualifying work on the examinations; some grant placement credit only. BEFORE TAKING AN AP COURSE, THE STUDENT IS ADVISED TO CONTACT THE COLLEGE HE/SHE PLANS TO ATTEND CONCERNING THE STATUS OF AP COURSES AT THAT SCHOOL. Additional information can be found on the College Board website – www.collegeboard.com. While making a decision regarding an AP course, consider the following four points:

1. Prerequisites and/or recommendations for student participating in individual AP course descriptions. If you do not currently meet the AP prerequisites and desire to make the commitment to participate in an AP class, please see your counselor for additional options.
2. Students enrolled in Advanced Placement courses are expected to take the AP Exam in the appropriate subject area. There is a fee of approximately \$87 (subject to change) to take each exam. A fee reduction is available for students who qualify based on family income.
3. Students who excel in a field of study for which an AP course is not offered are encouraged to prepare for and take the appropriate AP exam under the guidance of a faculty member. Contact the Guidance Office for more information.
4. Summer assignments may be provided to students in preparation for the rigors of these courses. If an AP class has summer assignments, they may be found on the school's website.

ARTICULATED CREDIT

Articulated credit is awarded when a student earns college credit after completing a state-approved occupational program or course that addresses the same competencies as its “articulated” college program or course. College credit is transcribed after the student has completed 15 credit hours at the Metropolitan Community Colleges. The student has up to two years to benefit from credit held in “escrow.”

At the Metropolitan Community Colleges, articulated credit is usually limited to Associate in Applied Science (AAS) degrees, although many colleges and universities are accepting transfer of these credits. To transfer a credit to a four-year degree program, articulated credit must be a part of a completed AAS degree program. The student does not pay any college tuition or fees for the articulated credit.

Articulated credit is available for the following Blue Springs programs if all guidelines are met:

- Accounting Principles (for those students that don't take it for dual credit)
- Business Technology (for those students that don't take it for dual credit)
- Marketing II Class (for those students that don't take it for dual credit)
- Advanced Computer Applications
- Fashion Apparel II (Clothing II)
- Various Career Technical Programs at CTC and Summit Tech (see individual course descriptions)

The student does not need to have a given GPA, test score or demonstrated proficiency to enroll in the articulated course. The students must, however, demonstrate an 80% mastery upon completion of the course or program in order to earn credit. No honor point is given for courses in which articulated credit is awarded.

MCC-BLUE RIVER'S TRAILBLAZER COLLEGIATE ACADEMY

Program Overview

Are you a highly motivated high school student looking to reach your full potential? The Trailblazer Collegiate Academy will challenge you to complete your Associate's degree at the same time you're earning your high school diploma. It's challenging. It's fun. And it will make your investment in higher education more affordable.

Program Benefits

- Curbs the rising costs of higher education
- Puts students on a fast track to a college degree
- Exposes students to a wider range of advanced-level classes
- Challenges students to push themselves further academically

Admissions Process

- Request information pertaining to Trailblazer Academy. A packet will be sent containing application and parent information.
- Take ACT or Compass Placement test. Scores for Reading and English will be used for acceptance into program. Students must be able to read and write at college level. Students must have a minimum of 3.00 GPA.
- Fill out online MCC Application, as well as Trailblazer Academy packet. Included in application packet are the Academy application, parental support piece, FERPA release, three reference forms and four return envelopes.
- Attend a welcome event and meet faculty and staff assisting with the program. Students will participate in writing a proctored essay and planned interaction activities.

Information sessions are held at your high school and on the MCC-Blue River campus at the high school and the MCC-Blue River

For more information, visit or call:

www.mcckc.edu/blueriver

816.604.6400

MCC Blue River

20301 E. 78 Hwy

Independence, MO 64057

****Students must check with the college or university they are planning on attending regarding transferability.**

CLASS OF 2012

EARLY RELEASE (Waiver of 8th Semester)

As per Missouri State Department of Elementary and Secondary Education graduation requirements, students are expected to complete eight (8) semesters of high school. A student, who for sound educational and vocational reasons, wishes to graduate from high school in less time than eight

semesters may request a waiver of this policy. The student and his/her parents/guardian(s) will consult with his/her high school counselor to develop a Personalized Plan of Study. A request for early graduation must be a planned part of a student's educational program. The deadline for the early release application is November 1st. **Applications must be provided and submitted through your high school counselor.**

- A. Student's eligibility to receive Social Security benefits may be affected by an early release, since the student may no longer be considered a full-time student.
- B. Students enrolled in work release programs such as Marketing and/or Business Technology are ineligible for early release.
- C. Students leaving after the seventh semester may be eligible to receive their high school diploma with their graduating class. Graduating seniors who choose not to participate in the graduation ceremony may pick up their diplomas in the high school principal's office on the first school business day following the graduation ceremony.
- D. Students leaving after the seventh semester **will not** be eligible for a class ranking for the 8th semester.
- E. Students may not participate in activities regulated by the Missouri State High School Activities Association unless enrolled in 6 credit-earning classes and passing.
- F. Students who have been approved for full release and partial release options are eligible for local scholarships unless a specific scholarship would indicate the student is not eligible.
- G. It is the student's responsibility to stay in touch with the school in regard to important semester events (i.e. graduation rehearsal).
- H. Students and parents may want to check with their health and auto insurance company concerning coverage since the student may not be considered full time.
- I. A+ eligibility may be affected. Students and parents should consult with the A+ Coordinator in their buildings.

GUIDANCE & COUNSELING

The Guidance and Counseling Program is an integral part of the total education program. Based on individual, family, school and community needs, the guidance program is delivered through the guidance curriculum, individual planning system, responsive services, and system support.

The Guidance and Counseling Program is responsible for assisting all students in developing:

- The knowledge, understanding, and acceptance of self and others.
- The skills necessary for effective career exploration and planning.
- The competencies needed for educational and vocational development.

The Guidance and Counseling Program provides responsive services designed to aid individuals in resolving problems which prevent their healthy development or which require remedial attention. It provides a systematic plan to help each student monitor and direct his/her own educational, vocational, and personal development. Finally, the Guidance and Counseling Program includes system support activities designed to establish, maintain, and enhance the total program.

Guidance and counseling services are available in grades 9-12. There are full-time counselors in the High Schools and Freshman Center Counseling Offices to assist students with their academic, career, and personal-social interests and concerns. In addition to counseling, resources are available concerning careers, colleges, and scholarships. Each student is encouraged to visit with his/her counselor. As part of the continuing guidance services offered to students upon graduation, exit surveys and one- and five-year follow-up surveys are conducted. Information gathered includes documentation of graduate plans for the future. Surveys also provide information relative to graduates

continuing the paths they initially planned. All surveys collect information on the quality of education provided and how helpful it was in preparing graduates for further education and careers.

SUPPORTIVE SERVICES

In accordance with the Individuals with Disabilities Education (IDEA), the Blue Springs School District provides a continuum of supportive services for eligible students identified as needing special education services. Students are determined eligible under IDEA in the following disability categories:

- Autism
- Deaf/Blindness
- Emotional Disturbance
- Hearing Impairment and Deafness
- Mental Retardation/Intellectual Disability
- Multiple Disabilities
- Orthopedic Impairment
- Other Health Impairment
- Specific Learning Disabilities
- Speech and/or Language Impairment
- Traumatic Brain Injury
- Visual Impairment/Blind
- Young Child with a Developmental Delay

Enrollment in courses is planned during the student’s Individualized Education Program (IEP) review. Please contact your student’s counselor or special education process coordinator with questions regarding enrollment and supportive services.

COLLEGE PREPARATORY CERTIFICATE

The Missouri State Board of Education awards the College Preparatory Studies Certificate (CPSC) to Missouri students who successfully complete a rigorous academic program in high school. Twenty-five credits for the class of 2011 and beyond must be completed in grades 9-12.

To be eligible for the certificate, a student must meet these requirements:

1. Complete a rigorous high school program cooperatively planned by the school, the student and the student’s parent(s). The program must include at least these units of credit.

Subjects.....	Units
Communication Arts	4
Mathematics	4
Science.....	3
Social Studies.....	3
Fine Arts	1
Practical Arts	1
Personal Finance.....	1/2
Health	1/2
Physical Education	1
Specified Core Electives.....	3
General Electives	4
Total	25

2. Earn at least a 3.0 grade point average (GPA), on a 4.0 scale, in the combined subject areas of English/language arts, mathematics, science and social studies.

3. Score above the prior year's national composite average on the American College Test (ACT) or on the Scholastic Aptitude Test (SAT).
4. Maintain a 9-12 attendance rate of at least 95%.
5. Complete a strong academic program, as specifically outlined below, in the subject areas of English/language arts, mathematics, science, social studies and specified core electives. **No substitutions are authorized.**

***COMMUNICATION ARTS** – At least four units, one of which may be speech or debate, and two units of which must be in courses emphasizing composition or writing skills.

***MATHEMATICS** – At least four units from the following: algebra I, plane geometry, algebra II, pre-calculus, trigonometry, analytical geometry, calculus, math analysis, and statistics.

***SCIENCE** – At least three units, (not including general science), selected from biology, chemistry, or physics, one of which is a laboratory course.

***SOCIAL STUDIES** – At least three units including American history, world history, and at least one semester of government.

***FINE ARTS** – At least one unit of fine arts courses in the visual arts, music, dance and theater.

***SPECIFIED CORE ELECTIVES** – At least three units selected from foreign language (two units of one foreign language are strongly recommended) and/or combinations from two or more of the following core areas: English, mathematics, social studies, science, and fine arts. A computer science course with a prerequisite of at least algebra I is permissible as a mathematics elective. State and/or international history courses are permissible as social studies electives.

***GENERAL ELECTIVES** – At least four units sufficient to meet state and local graduation requirements. The courses should be selected and planned by the school, the student, and the student's parents to develop the student's aptitude and skills. Advanced vocational-technical courses, which have been selected to support and strengthen the student's college preparatory program or career choice, may be used to fulfill this general elective requirement.

COLLEGE PLANNING CALENDAR

JUNIOR YEAR PRE-COLLEGE CALENDAR AND CHECKLIST		
<p>September *Identify the sources of colleges and career information at your school. Start looking through guidance publications, college catalogs and guidebooks.</p> <p>*Put together a list of 10 colleges that you would like to attend. Plan to apply to at least 3-5 schools.</p> <p>*Talk to your parents and your high school counselor about where you want to go to school.</p> <p>October *Take the PSAT/NMSQT</p> <p>*Attend college fairs.</p>	<p>November *Contact the counseling office for registration materials and test dates for ACT and SAT. You may register online for the ACT at www.act.org.</p> <p>December *Make plans to take college admission tests. Check with colleges as to which tests are required.</p> <p>February *Select senior courses according to university or college requirements.</p> <p>*Look at options of taking ACT.</p> <p>*Explore college choices.</p> <p>April *Begin scheduling visits to each of the 3-5 schools that are on your final list.</p> <p>*Consider taking the Advanced Placement (AP) exams and SAT II while information is fresh in your mind.</p>	<p>May *Obtain summer job.</p> <p>*Save money to pay for college costs. Begin researching financial aid on Internet or at public library.</p> <p>*Advanced Placement tests are given nationwide.</p> <p>June *Look at options of taking ACT and set up college visits for the summer.</p>
SENIOR YEAR PRE-COLLEGE CALENDAR AND CHECKLIST		
<p>August *Review your career plans and decide which type of school is right for you.</p> <p>*Visit some college campuses.</p> <p>*Narrow your college list to no more than five schools.</p> <p>*Request catalogs and admissions information.</p> <p>*Contact the counseling office for registration materials and test dates for the SAT and/or the ACT.</p> <p>September *Meet with admissions representatives who are visiting your school.</p> <p>*Make a list of test names, dates, fees and registration deadlines, and of deadlines for college admissions and financial aid applications.</p> <p>*Remember that you must take tests like the SAT and ACT at least six weeks before the deadline for scores to be submitted to colleges.</p> <p>*Ask teachers, guidance counselors and employers for letters of recommendation to include with your admissions and/or scholarship applications.</p> <p>*Develop one page resume.</p> <p>*See counselor for web sites.</p> <p>*Begin scholarship search; watch deadlines.</p>	<p>October *Take the SAT or ACT exam, if necessary.</p> <p>*Work on admissions application.</p> <p>*Visit your top school choices. Interview some students, faculty and staff.</p> <p>*Attend special programs such as college fairs.</p> <p>*Apply for college admission.</p> <p>*Keep a chart of deadline dates.</p> <p>November *Register for SAT or ACT exam.</p> <p>*Work on applications. Check with colleges for dates materials must be postmarked.</p> <p>December *Obtain information on scholarships.</p> <p>January *Submit your completed Free Application for Federal Student Aid (FAFSA) to the processor as soon after January 1 as possible.</p> <p>*KEEP COPIES OF ALL FORMS YOU SUBMIT.</p> <p>January is Financial Aid Awareness Month. Look for special programs in your area.</p> <p>February *Mail your FAFSA (Free Application for Federal Student Aid), if you have not already done so.</p> <p>*Rank your finalized list of colleges.</p> <p>*Continue scholarship search; watch deadlines!</p> <p>*Many local scholarships are due.</p>	<p>March *Look for your Student Aid Report (SAR) in the mail. Your SAR contains federal financial aid information.</p> <p>*If you have not received your Student Aid Report four weeks after you sent in your FAFSA, contact Federal Student Aid Information center at (319) 337-5665.</p> <p>April *Watch the mail for college acceptance and financial aid award letters. Compare the financial aid awards you receive.</p> <p>*Make your final decision and send in a deposit by the deadline.</p> <p>*Check with the college you've chosen to attend about the details of signing and returning financial aid award letters.</p> <p>*Notify the other schools that you will not be attending.</p> <p>*Watch for important deadlines at your chosen college (housing, financial aid, etc.). Mail necessary deposits.</p> <p>May *Advanced Placement examinations are given in high schools nationwide.</p> <p>*Finalize summer school or summer job plans.</p> <p>*Request final high school/college transcript to be sent to chosen college.</p>

MISSOURI STATE HIGH SCHOOL ACTIVITIES ASSOCIATION ELIGIBILITY

Knowing and following all MSHSAA standards will enable a student to protect his/her eligibility for MSHSAA interscholastic competition. Activity participation should be for all students making appropriate progress toward graduation and otherwise in good standing.

Grades 9-12:

Grades received the **preceding** semester will determine eligibility to participate in interscholastic activities.

- The student shall have earned, the preceding semester, a minimum of 3.0 units of credit. This means to pass 6 of 7 classes the previous semester.
- The student shall currently be enrolled in and regularly attending courses that offer 3.0 units of credit. (student aides, etc does not count as a full class)
- A beginning ninth grade student shall have been promoted from the eighth grade to the ninth grade for first semester of eligibility.
- A student must be making satisfactory progress towards graduation as determined by local school policies.
- There is a maximum age limit for participation.

Dual Enrollment/MOVIP: Students planning to participate in dual enrollment/MOVIP classes should visit with their counselor or Activities Director to make sure they will be eligible to participate in MSHSAA sanctioned activities.

NCAA/NAIA COLLEGE FRESHMAN ATHLETICS ELIGIBILITY REQUIREMENTS

For students considering participation in collegiate sports, it is imperative that they meet the academic requirements of the NCAA/NAIA. The NCAA/NAIA Initial Eligibility Clearinghouse evaluates the transcript of every potential athlete who has registered with the Clearinghouse. Registering with the Clearinghouse is a first step in becoming eligible for collegiate athletics.

Please contact your high school's counselor and athletic director regarding questions about accessing and registering with the Clearinghouses. There have been a number of important changes in eligibility requirements.

It is the responsibility of the student athlete to register with NCAA/NAIA eligibility centers to secure the information needed on NCAA/NAIA eligibility forms. Complete information is available at www.eligibilitycenter.org for NCAA and www.playNAIA.org for NAIA.

DIVISION I 16 Core-Course Rule	DIVISION II
<p>16 Core Courses: 4 years of English 3 years if mathematics (Algebra I or higher) 2 years of natural/physical science (1 year of lab if offered by high school) 1 year of additional English, mathematics or natural/physical science 2 years of social science 4 years of additional core courses (from any area above, foreign language or philosophy)</p>	<p>14 Core Courses: 3 years of English 2 years of mathematics (Algebra I or higher) 2 years of natural/physical science (1 year of lab if offered by high school) 2 years of additional English, mathematics or natural/physical science 2 years of social science 3 years of additional core courses (from any above, foreign language, or philosophy)</p>

***Please see the websites for GPA and ACT requirements.**

LIBRARY/MEDIA SERVICES

Library Media Center services are available to all students in grades 9-12. A full-time library media specialist and support staff assist students during school hours. Our Library Media Centers feature the latest in technology.

Our goal is to provide the opportunity for all students to become effective users of information. Students are instructed on how to access information in a variety of formats – books, newspapers, periodicals, online databases, and the internet.

CAREER PATHS OVERVIEW

What Are Career Paths? *Career paths are clusters of occupations and careers that are grouped because many of the people in them share similar interests and strengths. All paths include a variety of occupations that require different levels of education and training. Selecting a career path provides you with an area of FOCUS, along with FLEXIBILITY, and a VARIETY of ideas to pursue.*

ARTS AND COMMUNICATION

Occupations related to the humanities and the performing, visual, literary, and media arts. These may include architecture, interior design, creative writing, fashion design, film, fine arts, graphic design and production, journalism, languages, radio, television, advertising, and public relations.

BUSINESS, MANAGEMENT & TECHNOLOGY

Occupations related to the business environment. These may include entrepreneurship, sales, marketing, computer/information systems, finance, accounting, personnel, economics, and management.

HEALTH SERVICES

Occupations related to the promotion of health and the treatment of disease. These may include research prevention, treatment, and related technologies.

HUMAN SERVICES

Occupations related to economic, political and social systems. These may include education, government, law and law enforcement, leisure and recreation, military, religion, childcare, and social services.

INDUSTRIAL AND ENGINEERING TECHNOLOGY

Occupations related to the technologies necessary to design, develop, install, or maintain physical systems. These may include engineering, manufacturing, construction, service, and related technologies.

NATURAL RESOURCES

Occupations related to the environment and natural resources. These may include agriculture, earth sciences, environmental sciences, fisheries, forestry, horticulture, and wildlife.

FOR ENROLLMENT PURPOSES**FINAL COURSE OFFERINGS ARE DEPENDENT ON ENROLLMENT AND STAFF**

ART (Fine Arts Credit)		Prerequisites	Units Of Credit	Grade Level
HS0706	Design Fundamentals		1/2	9-12
HS0751	Art History		1/2	10-12
HS0752	Drawing I	Design Fundamentals	1/2	9-12
HS0753	Drawing II	Drawing I w/ C+ grade	1/2	10-12
HS0754	Painting I	Design Fund., Drawing I w/ C+ grade	1/2	10-12
HS0755	Painting II	Painting 1 w/ C+ grade	1/2	10-12
HS0756	Photography I	Design Fund., one addl. studio art class w/ C+ grade	1/2	10-12
HS0757	Photography II	Photography I w/ C+ grade	1/2	10-12
HS0758	3D Design	Design Fundamentals	1/2	10-12
HS0759	Ceramics I	Design Fundamentals, one addl. studio art class	1/2	10-12
HS0780	Ceramics II	Ceramics I w/ C+ grade	1/2	10-12
HS0782	Portfolio I & Special Projects	Design Fundamentals, 2 studio art classes, teacher recommendation	1/2	11-12
HS0783	Portfolio II	Portfolio I	1/2	11-12

BUSINESS, MARKETING & TECHNOLOGY (Practical Art Credit)

HS0911	Introduction to Business		1/2	9
HS0916	Computer Applications (1 st Sem)		1/2	9-12
HS0917	Computer Applications (2 nd Sem)		1/2	9-12
HS0918	Advanced Computer Applications	Computer Applications	1/2	10-12
FC0960	Advanced Computer Applications (2 nd Sem)	Computer Applications	1/2	9
HS0925	Beginning C++ Programming		1/2	10-12
HS0953	AP Computer Science		1	11-12
HS0927	Desktop/Multimedia		1/2	10-12
HS0913	Video Technology	Desktop/Multimedia or teacher approval	1/2	10-12
HS0952	Video Production	Video Technology	1	11-12
HS0930	Business & Personal Law		1/2	11-12
HS0934	Business Technology	MCC guidelines if for dual credit	1	11-12
HS0936	Supervised Business Experience	Must be enrolled in Business Tech	1	12
HS0944	Accounting I		1	10-12

		Prerequisites	Units Of Credit	Grade Level
HS0946	Accounting Principles I	Accounting I, MCC guidelines	1	11-12
HS1503	Personal Finance		1/2	12
HS1504	Personal Finance (1 st Sem)		1/2	12
HS0938	Marketing I		1/2	10-12
HS0948	Business Ownership & Management		1/2	11-12
HS0962	Sports Entertainment & Marketing	Marketing I	1/2	11-12
HS0940	Marketing II	Marketing I or marketing teacher approval	1	12
HS0956	Marketing Principles (BSAD 204 & 205)	MCC guidelines & Marketing I w/ C grade	1	11-12
HS0942	Marketing Internship	Must be enrolled in Marketing II or Marketing Principles 204 & 205	1	12

COMMUNICATION ARTS

HS0104	English I		1	9
HS0188	English I Lit & Comp		1	9
HS0112	English II	1 Sem of English I	1	10
HS0114	World Lit and Comp	1 Sem of English I	1	10
HS0120	English III	1 Sem of English II	1	11
HS0123	AP English Language & Composition	English II or World Lit	1	11
HS0138	English IV	English III or AP English Lang	1	12
HS0140	AP English Literature & Composition	English III or AP English Lang	1	12
HS0186	English Comp 110	3.0 GPA & UMKC requirements	1/2	11-12
HS0187	English 214	GPA 3.0 & UMKC requirements	1/2	11-12
HS0189	Modern Nonfiction	Eng III or AP English Lang	1/2	12
HS0182	Computer Composition	Eng III or AP English Lang	1/2	12
HS0180	Modern Literature	English III or AP English Lang	1/2	12
HS0154	Creative Writing I		1/2	10-12
HS0158	Creative Writing II	Creative Writing I & teacher approval	1/2	10-12
HS1530	American Arts & Culture		1/2	11-12
BS0168	Journalism I (BSHS only)		1/2	9-11
BSS0167	Journalism I (BSSHS only)		1/2	9-11
HS0169	Photojournalism I	Journalism I	1	10-12
HS0166	Newspaper I	Journalism I	1	10-12

		Prerequisites	Units Of Credit	Grade Level
HS0170	Newspaper II	Newspaper I or Journ. I & newspaper teacher approval	1	11-12
HS0176	Yearbook I	Journalism I	1	10-12
HS0178	Yearbook II	Jour. I, Year. I, B prev. Eng. & teacher approval	1	11-12

FAMILY & CONSUMER SCIENCES (Practical Arts Credit)

FC1110	Discovering FCS		1/2	9
HS1153	Nutrition & Wellness		1/2	9-12
HS1154	Culinary Skills I		1	11-12
HS1155	Culinary Skills II	Culinary Skills I w/ C grade	1	11-12
HS1152	World Foods	Nutrition & Wellness or equivalent course	1/2	10-12
HS1116	Child Development (1 st Sem)		1/2	9-12
HS1117	Child Development (2 nd Sem)		1/2	9-12
HS1118	Child Care & Guidance (1 st Sem)	Child Development	1/2	10-12
HS1119	Child Care & Guidance (2 nd Sem)	Child Development	1/2	10-12
HS1120	Advanced Child Care	Child Care 1118 or 1119 w/ C grade	1/2	11-12
HS1121	Fashion & Apparel I		1/2	10-12
HS1122	Fashion & Apparel II	Fashion & Apparel I	1/2	10-12
HS1128	Housing Environments & Design		1/2	10-12
HS1130	Family Relations		1/2	11-12

FOREIGN LANGUAGE

HS0602	French I		1	9-12
HS0606	French II	French I	1	10-12
HS0608	French III/UMKC 110-120	French II & UMKC requirements	1	11-12
HS0618	Advanced French Lit, Comp & Conversation	French III	1	11-12
HS0614	AP French	French III or teacher recommendation	1	11-12
HS0622	Spanish I		1	9-12
HS0626	Spanish II	Spanish I	1	9-12
HS0630	Spanish III	Spanish II	1	10-12
HS0639	Advanced Spanish Lit, Comp. & Conversation	Spanish III	1	11-12
HS0636	Pre-AP Spanish	Spanish III	1	11-12
HS0634	AP Spanish	Spanish III	1	11-12
HS0642	German I		1	9-12

		Prerequisites	Units Of Credit	Grade Level
HS0646	German II	German I	1	10-12
HS0651	German III/College I	German II, UMKC requirements	1	11-12
HS0654	German IV/College II	German III, UMKC 110/120, UMKC requirements	1	12

INDUSTRIAL/TECHNICAL EDUCATION (Practical Arts Credit)

HS1010	General Metals		1/2	10-12
HS1012	Metals Technology	General Metals	1/2	10-12
HS1014	General Woodworking I		1/2	10-12
HS1015	General Woodworking II	General Woodworking I w/ C grade & teacher approval	1/2	10-12
HS1016	Advanced Woodworking	Gen. Woodworking I & teacher approval	1	11-12
HS1018	Drafting Fundamentals I		1/2	9-12
HS1034	Computer Aided Design I	Drafting Fundamentals I	1/2	10-12
HS1036	Computer Aided Design II	Computer Aided Design I	1/2	10-12
HS1022	Mechanical Drawing I	CAD II	1/2	11-12
HS1023	Mechanical Drawing II	Mechanical Drawing I	1/2	11-12
HS1024	Architectural Drawing	Drafting Fundamentals I	1	10-12
HS1028	Small Engine Repair		1/2	10-12
HS1030	Home Maintenance & Repair		1/2	9-12
HS1032	Construction Technology		3	11-12
HS1033	Construction Technology Internship	Construction Technology	1	12

MATHEMATICS

HS0318	Algebra A		1	9
HS0319	Algebra B	Algebra A	1	10
HS0330	Algebra I		1	9
HS0332	Technical Geometry	Algebra B	1	10-12
HS0334	Geometry	Alg. I	1	9-12
HS0338	Algebra II	Geometry or Tech Geometry	1	10-12
HS0346	Advanced Algebra	Algebra II	1	11-12
HS0348	Trigonometry	Alg. II or completion of 1 st Sem. Alg. II	1/2	11-12
HS0352	College Statistics	Alg II & qualifying score on PLAN, ACT, or COMPASS, 3.0 GPA	1/2	11-12
HS0354	College Business Calculus	Pre-Calc, Alg. II, or Col. Alg. & qualifying score on PLAN, ACT, or COMPASS., 3.0 GPA	1	12

		Prerequisites	Units Of Credit	Grade Level
HS0355	Pre-AP Calculus	Geometry & Alg. II	1	11-12
HS0356	AP Calculus	Pre-AP Calculus w/ B grade	1	12
HS0358	College Algebra Prep/College Algebra	Qualifying score on PLAN, ACT, or COMPASS & successful completion of Alg. II or Pre Calc, 3.0 GPA	1	11-12
HS0360	College Algebra (Semester)	Qualifying score on PLAN, ACT, or COMPASS & successful completion of Alg. II or Pre Calc, 3.0 GPA	1/2	11-12
HS0362	College Trigonometry (Semester)	Qualifying score on PLAN, ACT, or COMPASS & successful completion of Coll. Alg. (Math 120) or Pre-Calc, 3.0 G.P.A.	1/2	11-12

MUSIC (Fine Arts Credit)

BS0810	Freshman Band (BSHS only)	2 years of band or audition	1	9
BSS0811	Freshman Band (BSSH only)	2 years of band or audition	1	9
BS0812	Concert Band (BSHS only)	2 years of band or audition	1	10-12
BSS0813	Concert Band (BSSH only)	2 years of band or audition	1	10-12
BS0831	Symphonic Band (BSHS only)	By audition only	1	10-12
BSS0832	Symphonic Band (BSSH only)	By audition only	1	10-12
HS0840	Symphonic Band for Dual Credit	Seniors only/MCC guidelines	1	12
BS0814	Orchestra (BSHS only)	1 year of orchestra experience/audition	1	9-12
BSS0815	Orchestra (BSSH only)	1 year of orchestra experience/audition	1	9-12
HS0841	Orchestra for Dual Credit	Seniors only/MCC guidelines	1	12
HS0833	Symphonic Orchestra (1 st Sem only)	Current band member and audition	1/2	10-12
HS0816	Campus Choir		1/2	9-12
BS0818	Concert Choir (BSHS only)	Audition/teacher recommendation	1	10-12
BSS0820	Concert Choir (BSSH only)	Audition/teacher recommendation	1	10-12
BS0819	Freshman Choir-Men's (BSHS only)	Audition/teacher recommendation	1	9

			Units Of Credit	Grade Level
		Prerequisites		
BSS0821	Freshman Choir Men's (BSSHS only)	Audition/teacher recommendation	1	9
HS0822	A Cappella Choir	Audition/teacher recommendation	1	11-12
HS0842	A Cappella Choir for Dual Credit	Seniors only/MCC guidelines	1	12
HS0823	Women's Ensemble	Audition/teacher recommendation	1	11-12
HS0824	Chamber Choir	A Cappella Choir & teacher permission	1	11-12
BS0825	Freshman Choir Women's (BSHS only)	Audition/teacher recommendation	1	9
BSS0826	Freshman Choir Women's (BSSHS only)	Audition/teacher recommendation	1	9
HS0828	Music Appreciation		1/2	10-12
HS0830	Music Theory & Technology		1/2	11-12
HS0834	AP Music Theory	2 yrs previous music courses/concurrently enrolled in another music class or instructor approval	1	11-12

PHYSICAL EDUCATION

HS1210	Physical Education I Boys		1/2	9
HS1212	Physical Education I Girls		1/2	9
HS1214	Physical Education II Boys		1/2	10-12
HS1216	Physical Education II Girls		1/2	10-12
HS1218	Health		1/2	9
HS1220	Physical Fitness (Sem)		1/2	10-12
HS1222	Physical Fitness (Year)		1	10-12
HS1224	Fitness & Wellness		1/2	11-12
HS1230	Beginning Swimming		1/2	10-12
HS1232	Intermediate Swimming	Ability to swim 50 yds. freestyle/backstroke	1/2	10-12
HS1234	Advanced Swimming	Ability to swim 500 yds. in 4 of 6 strokes	1/2	11-12
BS1237	Red Cross Life Guarding (1 st Sem, BSHS only)	Advanced Swimming or Test Out	1/2	11-12
BS1238	Water Safety Instructor (2 nd Sem, BSHS only)	Red Cross Life Guarding, ability to swim 500 yds.	1/2	11-12
HS1236	Water Aerobics		1/2	10-12
HS1242	Recreational Sports Co-ed		1/2	11-12
HS1244	Aerobics & Weightlifting Co-ed		1/2	10-12
HS1248	Aerobics Plus Co-ed		1/2	10-12
HS1250	Social Dance		1/2	11-12

			Units Of Credit	Grade Level
	Prerequisites			
HS1252	Outdoor Education		1/2	11-12
HS1258	Advanced Team Sports		1/2	11-12

ROTC (Elective Credit)

BS1550	A Journey Into Aerospace History (Aerospace 100) (BSHS only)		1	9-12
BSS1551	A Journey Into Aerospace History (Aero 100 BSSHS only)		1	9-12
HS1552	The Science of Flight (Aerospace 210)	Aerospace 100/Sophomore status	1	10-12
HS1560	Drill and Ceremonies (Aerospace 150)	Aerospace 100 or instructor's approval	1	10-12
HS1554	The Exploration of Space (Aerospace 300)	Aerospace 210	1	11-12
HS1556	FAA Private Pilot Ground School (Aerospace 500) (AVIA 1310)	Aerospace 210 & 300 or Aerospace 300 & 500 concurrently, approval of senior aerospace instructor & UCM guidelines	1	12
HS1558	Management of the Cadet (Aerospace 400)	Aerospace 210 & 300, approval of senior aerospace instructor	1	12

SCIENCE

HS0408	Physical Science		1	9
HS0412	Accelerated Physical & Biological Sciences	See course description	1/2 Phy. 1/2 Bio.	9
HS0416	Biology I		1	10
HS0425	Pre-AP Biology	Alg. I, Phys Science or Accel. Phys/Biology	1	10-11
HS0426	AP Biology	Biology I or Pre-AP Biology	1	11-12
HS0455	Anatomy & Physiology	Biology I or Pre-AP Biology	1	11-12
HS0454	Microbiology	Biology I or Pre-AP Biology	1/2	11-12
HS0434	Chemistry I	Geometry or concurrently enrolled	1	10-12
HS0435	Chemistry II	Chemistry I or Pre-AP Chemistry	1	11-12
HS0436	Pre-AP Chemistry	Geometry	1	10-12
HS0438	AP Chemistry	Chemistry I or Pre-AP Chemistry	1	11-12
HS0440	Geology	Physical Science or Accel/or concurrently enrolled in a Biological science	1/2	10-12

		Prerequisites	Units Of Credit	Grade Level
HS0439	Astronomy & Meteorology	Physical Science or Accel/or concurrently enrolled in a Biological science	1/2	10-12
HS0444	Environmental Science	Biology I	1/2	11-12
HS0446	Advanced Environmental Science	Environmental Science I	1/2	11-12
HS0445	CSI-Conducting Science Investigations	Physical Science & Biology I	1	11-12
HS0447	AP Environmental Science	Biology I or Pre-AP Biology	1	11-12
HS0450	Physics	Algebra & Geometry	1	10-12
HS0452	AP Physics		1	11-12

SOCIAL STUDIES

HS0285	Geography		1/2	9
HS0280	American Government		1/2	9
HS0289	American Government & Political Analysis	See recommendations	1/2	9
HS0236	World History		1	10
HS0238	AP European History		1	10-12
HS0205	United States History		1	11
HS0281	AP American Government		1/2	10-12
HS0266	AP United States History		1	11-12
HS0286	American History 101	UMKC requirements, 3.0 G.P.A., appropriate ACT or PLAN score	1/2	11-12
HS0287	American History 102	UMKC requirements, 3.0 G.P.A., appropriate ACT or PLAN score, American History 101	1/2	11-12
HS0251	Civil War		1/2	10-12
HS0252	World War II	World History	1/2	11-12
HS0258	World Religions		1/2	11-12
HS0263	Sociology I		1/2	11-12
HS0290	Sociology II	Sociology I	1/2	11-12
HS0271	Economics		1/2	11-12
HS0275	Contemporary Issues		1/2	10-12
HS0283	Psychology		1/2	12
HS0288	Global Issues		1/2	11-12
HS0291	Minorities in American History		1/2	11-12

SPEECH/DEBATE/DRAMA

HS0502	Communications I		1/2	11-12
BS0508	Debate I (BSHS only)		1	9-12
BSS0509	Debate I (BSSHS only)		1	9-12

		Prerequisites	Units Of Credit	Grade Level
HS0510	Debate II	Debate I & teacher approval	1	10-12
HS0512	Debate III	Debate II & teacher approval	1	11-12
HS0514	Debate IV Argumentation & Debate	Debate III & teacher approval	1	12
BS0516	Forensics (1 st Semester BSHS only)		1/2	9-12
BSS0517	Forensics (1 st Semester BSSHHS only)		1/2	9-12
HS0518	Forensics II	Forensics I & teacher recommendation	1	10-12
HS0519	Forensics III	Forensics II & teacher recommendation	1	11-12
HS0520	Forensics IV	Forensics III & teacher recommendation	1	12
HS0522	Introduction to Theatre		1/2	9-12
HS0530	Theatre Study	Intro to Theatre & teacher recommendation	1/2	10-12
HS0532	Advanced Theatre Study	Theatre Study & teacher recommendation	1/2	11-12
HS0536	Stage Design & Theatre Technology	Intro to Theatre or teacher recommendation	1/2	10-12
HS0538	Introduction to Directing	Adv. Theatre Study & teacher recommendation	1	12

OTHER ELECTIVES

HS1555	ACT Prep Class	Geometry or Tech Geometry	1/2	10-12
HS1517	Cadet Exploratory Teaching (1 st Sem BSSHHS only) (2 nd Sem BSHS only)		1/2	12
BS1518	Peer Assistants (BSHS only)		1/2	12
HS1514	Leadership	Member of Senate	1	11-12
BSS1524	American Sign Language (BSSHHS only)		1/2	10-12
HS1430	Read 180	1 or 2 hr. block/teacher/principal rec reading placement	1 Eng 1 Elect.	9-12
HS8000	PLATO	Failed course/Dropout Recovery		

**Units
Of
Credit** **Grade
Level**

Prerequisites

CAREER-TECHNICAL PROGRAMS ON CAMPUS

AGRICULTURE

FC6675	Agriculture Science I (Freshman Ctr. Only)		1	9
HS6676	Agriculture Science II	Ag Science I or teacher approval	1	10-12
HS6679	Principles of Animal Science (1 st Sem only)	Ag Science II or teacher approval	1/2	11-12
HS6680	Introduction to Veterinary Technology (2 nd Sem only)	Ag Science II or teacher approval	1/2	11-12
HS6681	Horticulture (1 st Sem only)	Ag Science II or teacher approval	1/2	11-12
HS6682	Landscaping, Maintenance & Design (2 nd Sem only)	Ag Science II or teacher approval	1/2	11-12

BIOMEDICAL

HS6695	Principles of Biomedical		1	9
HS6696	Human Body Systems	Principles of Biomedical	1	10
HS6697	Medical Interventions	Human Body Systems	1	11
HS6698	Biomedical Innovation	Medical Interventions	1	12

ENGINEERING

FC6690	Intro to Engineering Design		1	9
HS6691	Principles of Engineering		1	10-12
HS6693	Digital Electronics	POE	1	11-12

NAIL TECH

HS6661	Nail Tech A.M.	Application process approval	3	12
HS6662	Nail Tech P.M.	Application process approval	3	12

OFF CAMPUS EDUCATIONAL OPPORTUNITIES

OFF CAMPUS EDUCATIONAL OPPORTUNITIES CTC Ft. Osage CTC Application Required

HS1610	Auto Collision Technology A.M.	CTC application process	3	11-12
HS1612	Auto Collision Technology P.M.	CTC application process	3	11-12
HS1614	Automotive Technology I A.M.	CTC application process	3	11
HS1616	Automotive Technology I P.M.	CTC application process	3	11

		Prerequisites	Units Of Credit	Grade Level
HS1602	Automotive Technology II A.M.	CTC application process	3	12
HS1603	Automotive Technology II P.M.	CTC application process	3	12
HS1622	Construction Trades Technology A.M.	CTC application process	3	11-12
HS1624	Construction Trades Technology P.M.	CTC application process	3	11-12
HS1626	Computer Assisted Design Technology A.M.	CTC application process	3	11-12
HS1628	Computer Assisted Design Technology P.M.	CTC application process	3	11-12
HS1605	Culinary Arts A.M.	CTC application process	3	11-12
HS1606	Culinary Arts P.M.	CTC application process	3	11-12
HS1638	Health Sciences A.M.	CTC application process	3	12
HS1640	Health Sciences P.M.	CTC application process	3	12
HS1650	Computer Support Specialist I A.M.	CTC application process	3	11-12
HS1652	Computer Support Specialist I P.M.	CTC application process	3	11-12
HS1653	Computer Support Specialist II A.M.	CTC application process, Computer Support Specialist I	3	12
HS1655	Computer Support Specialist II P.M.	CTC application process, Computer Support Specialist I	3	12
HS1664	Fire Science Technology A.M.	CTC application process	3	11-12
HS1665	Emergency Medical Technician P.M.	CTC application process, preference given to Fire Science Tech students	3	12
HS1670	Agriculture Production P.M. only	CTC application process	3	11-12
HS1708	CSI/Law Enforcement A.M.	CTC application process	3	11-12
HS1709	CSI/Law Enforcement P.M.	CTC application process	3	11-12
HS1689	Entrepreneurial Studies A.M.	CTC application process	3	12
HS1690	Entrepreneurial Studies P.M.	CTC application process	3	12

SUMMIT TECHNOLOGY ACADEMY
Summit Application Required

HS1607	Computer Integrated Manufacturing A.M. (2 nd Sem)	See course description	1.5	11-12
HS1601	Computer Integrated Manufacturing P.M. (2 nd Sem)	See course description	1.5	11-12

		Prerequisites	Units Of Credit	Grade Level
HS1693	Engineering Design and Development A.M	See course description	3.0	12
HS1694	Engineering Design and Development P.M.	See course description	3.0	12
HS1685	IT Essentials A.M. (1 st Sem)	See course description	1.5	11-12
HS1686	IT Essentials P.M. (1 st Sem)	See course description	1..5	11-12
HS1691	Network Essentials A.M. (2 nd Sem)	See course description	1..5	11-12
HS1692	Network Essentials P.M. (2 nd Sem)	See course description	1.5	11-12
HS1695	Network Security A.M (1 st Sem)	See course description	1.5	12

CURRICULAR OFFERINGS by DEPARTMENT

If a course has two numbers listed, the first number refers to 1st semester & the second number refers to the 2nd semester. **FINAL COURSE OFFERINGS ARE DEPENDENT ON ENROLLMENT AND STAFF.** For a complete listing of courses for enrollment purposes, please refer to pages 32-43.

ART

(All courses listed fulfill Fine Arts requirement.)

The recommended prerequisite is a C+ or better to move to the next level of art classes.

DESIGN FUNDAMENTALS
GRADES: 9 – 12

COURSE #: HS0706
CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art

Course Description: This course builds a foundation of knowledge in art. The elements and principles of design are covered in depth and the students should leave Design Fundamentals class with a clear understanding of composition and color. Students will be introduced to a variety of media with a strong emphasis in drawing and art criticism.

ART HISTORY
GRADES: 10-12

COURSE #: HS0751
CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art

Course Description: This course focuses on history and eras of fine arts from ancient times to the present, covering specific art movements and critical artists from these movements. Minimal art production will be required. Students should have strong communication skills and feel comfortable in class discussion format.

DRAWING I
GRADES: 9-12

COURSE #: HS0752
CREDITS: ½ Unit

Prerequisite: Design Fundamentals

TYPE OF CREDIT: Fine Art

Course Description: Drawing I offers students an opportunity to focus specifically on improving drawing skills and expanding knowledge of composition. Students will use a variety of drawing media. Students will learn how to critique artwork in a group discussion setting. This class is necessary for students interested in Painting I or Drawing II.

DRAWING II
GRADES: 10-12

COURSE #: HS0753
CREDITS: ½ Unit

Prerequisite: Drawing I, C+ Grade

TYPE OF CREDIT: Fine Art

Course Description: Drawing II builds on basic drawing skills; students are allowed more freedom to experiment with all types of drawing media and subject matter. Class critiques will be a large part of this class; students will become comfortable talking about other students' work and their own work in a group setting. This class is designed for students interested in pursuing an art degree after high school.

PAINTING I
GRADES: 10-12

COURSE #: HS0754
CREDITS: ½ Unit

Prerequisite: Design Fundamentals, Drawing I, C+ Grade

TYPE OF CREDIT: Fine Art

Course Description: Painting I focuses on the foundations of painting basics in acrylic, tempera and watercolor. Students should have strong drawing skills and an understanding of color and composition. Students may need to purchase supplies.

PAINTING II**GRADES: 10-12****Prerequisite:** Painting I, C+ Grade

Course Description: Painting II focuses on expression and effective communications within painting mediums. Students will work more independently. Pieces completed need to be clean and interesting paintings. This course goes beyond basic painting and is for the student interested in pursuing art after high school. Strong skills in composition, drawing and art criticism are necessary. Students may need to purchase supplies.

COURSE #: HS0755**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****PHOTO I****GRADES: 10-12****Prerequisite:** Design Fundamentals & one additional studio art class, C+ Grade

Course Description: Photo I is a basic course in photography that includes photo history, basic camera functions, photo-taking techniques, subject selection, composition, and evaluation. Students may be required to furnish their own camera and supplies. The estimated costs for supplies (without the camera) is \$50.00-\$75.00.

COURSE #: HS0756**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****PHOTO II****GRADES: 10-12****Prerequisite:** Photo I, C+ Grade

Course Description: Photo II is for students who have successfully completed Photo I and are interested in continuing their work on a more advanced level. Projects will stress individual application of photo techniques and ideas. Photographic artists and methods will also be studied. Students will focus on developing a personal style of photo. Students may be required to furnish their own camera and supplies. The estimated costs for supplies (without the camera) is \$50.00-\$75.00.

COURSE #: HS0757**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****3D DESIGN****GRADES: 10-12****Prerequisite:** Design Fundamentals

Course Description: This course is an introductory class into 3D or sculpture. Students will work on converting 2D drawings and designs into 3D sculptures. Mediums will include an introduction to various sculptural materials. Students should be comfortable with class discussion format critiques and have strong drawing and composition abilities. Students will need additional supplies.

COURSE #: HS0758**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****CERAMICS I****GRADES: 10-12****Prerequisite:** Design Fundamentals + one additional studio art class

Course Description: This class provides an introduction into hand building and wheel thrown ceramics. Students should have a strong understanding of the elements and principles of art and like to work with their hands. Historical and present styles of ceramics will be explored.

COURSE #: HS0759**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****CERAMICS II****GRADES: 10-12****Prerequisite:** Ceramics I, C+ Grade

Course Description: This class is a continuation of the clay methods learned in Ceramics I class. Greater emphasis will be placed on problem solving and developing new ideas in clay mediums. Students will have opportunities to mix glazes and experiment with various types of clay.

COURSE #: HS0780**CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art**

PORTFOLIO I AND SPECIAL PROJECTS**GRADES: 11-12****Prerequisite:** Design Fundamentals, 2 studio art classes and teacher recommendation**COURSE #: HS0782****CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art**

Course Description: Portfolio class is designed for students interested in post high school study of art. Students will work on pieces that will be presented at college interviews and portfolio reviews. Students will also create a CD of digital pictures of their work to be sent to colleges, universities and art institutes. Students will also be on an independent study of required projects, reports, competitions and exhibits (design, setup and execution).

PORTFOLIO II**GRADES: 11-12****Prerequisite:** Portfolio I**COURSE #: HS0783****CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art**

Course Description: Portfolio II is a continuation of Portfolio I that offers specific guidance for students pursuing a post-high school art degree. Students will have opportunities for independent studies of their choosing and a chance to finalize projects for their portfolio.

BUSINESS, MARKETING and TECHNOLOGY

(All courses listed fulfill Practical Arts requirement)

BUSINESS PROGRAM

INTRODUCTION TO BUSINESS GRADE: 9

COURSE #: HS0911
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Students will study basic world economics including the differences in business ownership, banking, checking accounts, stocks, investments, and insurance. Students will explore various career options and will make tentative career decisions. This course also includes a business simulation. This basic overview of the business world should allow students to make appropriate choices about future course work in business. Membership and participation in FBLA, an association for business students will be encouraged.

COMPUTER APPLICATIONS GRADES: 9-12

COURSE #: HS0916 (1st Sem) and HS0917 (2nd Sem)
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Students use Microsoft Office Word, Excel, PowerPoint, and Publisher to create business documents, publications, spreadsheets, and presentations. This introductory class includes a refresher course in keyboarding and fulfills the district technology graduation requirement. Membership and participation in FBLA, an association for business students will be encouraged.

ADVANCED COMPUTER APPLICATIONS GRADES: 9-12

COURSE #: HS0918 (FC0960 2nd Sem 9th grade only)
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Computer Applications

Dual/Articulated Credit: Articulated credit available through MCC if enrollment criteria are met.

Course Description: This course is designed to further students' skills in the advanced use of Microsoft Office and will expose students to some of the newest software being offered in the fields of multimedia presentations, basic website design, and financial applications. This class should strongly be considered for those students going to college and/or choosing a business career. This class fulfills the district technology graduation requirement. Membership and participation in FBLA, an association for students) will be encouraged.

BEGINNING C++ PROGRAMMING GRADES: 10-12

COURSE #: HS0925
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: This is an introduction to C++ programming with emphasis on both business and scientific applications and some advanced programming concepts. This class is recommended for students interested in math, engineering, or computer science careers. This class fulfills the district technology graduation requirement. Membership and participation in FBLA, an association for students) will be encouraged.

AP COMPUTER SCIENCE ** GRADES: 11-12

COURSE #: HS0953
CREDITS: 1 Unit

TYPE OF CREDIT: Practical Art

Recommendation: C++

Course Description: This course allows the student to further develop computer-programming skills by exploring advanced programming concepts and creating a variety of applications. This course is recommended for students interested in math, engineering, or computer science careers. This course prepares the student for the AP Computer Science exam in May and the study of computer science in college. An additional honor point will be earned for each semester passed of this course. All students are expected to take the AP exam and pay the examination fee. This class fulfills the district technology

graduation requirement. Membership and participation in FBLA, a student business association, will be encouraged.

DESKTOP/MULTIMEDIA
GRADES: 10-12

COURSE #: HS0927
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Students will develop basic design and layout skills to create a variety of desktop publishing projects such as advertisements, brochures, and web pages using different software packages and Internet research. Students will also learn presentation software and explore the use of digital cameras, scanners, etc. Membership and participation in FBLA, a student business association, will be encouraged. This class fulfills the district technology graduation requirement.

VIDEO TECHNOLOGY
GRADES: 10-12

COURSE #: HS0913
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Desktop Multimedia or instructor's approval

Course Description: Students will learn the basics of digital camcorder operations, video editing, software, and other broadcast equipment by producing a weekly news show. Membership and participation in FBLA, a student business association, will be encouraged. This class fulfills the district technology graduation requirement.

VIDEO PRODUCTION
GRADES: 11-12

COURSE #: HS0952
CREDITS: 1 Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Video Technology

Course Description: This course will further develop student skills in the use of editing software, digital camcorders, video, and broadcast equipment. Students will be responsible for producing a monthly community cable show. **Students will be required to spend additional time outside of class to complete this program.** Membership and participation in FBLA, a student business association, will be encouraged.

BUSINESS & PERSONAL LAW
GRADES: 11-12

COURSE #: HS0930
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: This course is designed to increase student awareness of basic legal concepts and principles. Topics to be discussed include criminal law, tort law, juvenile law, court systems, contracts and insurance. Students will participate in a mock trial. Membership and participation in FBLA, a student business association, will be encouraged.

BUSINESS TECHNOLOGY**
GRADES: 11-12

COURSE #: HS0934
CREDITS: 1 Unit

TYPE OF CREDIT: Practical Art/Elective

Dual/Articulated Credit: Dual Credit or Articulated Credit is available through MCC if enrollment criteria is met (Introduction to Business and Business Communications)

Course Description: Students will learn business and computer skills that will be helpful in college and business careers. Students will learn personal, finance, management and social responsibility. COMMUNICATION ARTS

ENGLISH I
GRADE: 9

COURSE #: HS0104
CREDITS: 1 Unit
TYPE OF CREDIT: English

Course Description: Students will review basic grammar and will appropriately apply usage rules in their writing. They will write personal experience and analytical essays and will write essay responses to the literature they study. They will read fiction, nonfiction, poetry, and drama, and will improve their vocabulary skills, their study skills, and their ability to synthesize data, draw conclusions, and organize information for research based writing.

ENGLISH I LITERATURE AND COMPOSITION
GRADE: 9

COURSE #: HS0188
CREDITS: 1 Unit
TYPE OF CREDIT: English

Recommendation: Grade of B or above in both semesters of 8th grade English.

Course Description: Students will review grammar and usage rules and will apply them in personal experience, analytical and persuasive essays. They will read more challenging literature than is read in English I and will begin preparing for the PLAN (pre-ACT) test by working on practices that simulate the test. They will improve their vocabulary and will write short research-based essays. English I Literature and Composition fulfills the first unit of English required for graduation.

ENGLISH II
GRADE: 10

COURSE #: HS0112
CREDITS: 1 Unit
TYPE OF CREDIT: English

Prerequisite: A student must pass or be concurrently enrolled in one semester of English I before he/she can take English II or World Literature and Composition

Course Description: Students will review usage rules essential to good writing and will learn to apply these in their own writing. They will write essays of analysis, essays responding to fiction and nonfiction texts, and essays based on researched information. Students will read world literature selections of poetry, fiction, drama, and nonfiction and will work on vocabulary improvement.

WORLD LITERATURE AND COMPOSITION
GRADE: 10

COURSE #: HS0114
CREDITS: 1 Unit
TYPE OF CREDIT: English

Prerequisite: A student must pass or be concurrently enrolled in one semester of English I before he/she can take English II or World Literature and Composition

Recommendation: Grade of B or above in English I or English I Literature & Composition

Course Description: This course, intended for students who like to read literature and to write about literature, will involve the reading of fiction, nonfiction, poetry and drama. Students will read a larger number of literary works, will read more challenging literature, and will write persuasive and research based essays. They will also work on grammar and vocabulary skills in preparation for the PLAN and PSAT tests. The class will include extensive research projects. World Lit. & Comp fulfills the second unit of English required for graduation.

ENGLISH III
GRADE: 11

COURSE #: HS0120
CREDITS: 1 Unit
TYPE OF CREDIT: English

Prerequisite: A student must have passed or be concurrently enrolled in one semester of English II before he/she can enroll in English III or AP English Language

Course Description: Students will further develop their skills in composition, research, analysis, problem solving, and critical thinking. This course involves a review of the structure of English and usage skills in preparation for the ACT. Students will develop their skills in drawing inferences in their reading and in analysis. Students will discuss major themes in American literature and will write research based essays.

AP ENGLISH LANGUAGE & COMPOSITION**GRADE: 11****Prerequisite:** Successful completion of English II or World Lit & Comp**Recommendation:** Grade of B or above in World Lit & Comp or English II

Course Description: Students will read and analyze the structure, rhetorical strategies and themes developed in various prose texts, focusing on nonfiction writings by essayists, journalists, political writers, biographers and historians, and social critics; they will also read at least two major American literary works, focusing on rhetorical techniques used to develop themes in those texts. They will also hone their skills in writing persuasive essays, textual analysis essays, and arguments with research-based support. This course will prepare students for college writing assignments, for the AP English Language and Composition Exam, and for the reading and English ACT tests. An additional honor point will be given for the successful completion of each semester of this course.

COURSE #: HS0123**CREDITS: 1 Unit****TYPE OF CREDIT: English****ENGLISH IV****GRADE: 12****Prerequisite:** English III or AP English Lang

Course Description: This course is designed for the college-bound student who successfully completes English III with average to above average grades. The course further develops writing skills in the expository modes and literary analysis skills. The first semester will focus on British literature from its beginnings through the seventeenth century; the second semester will focus on British literature from the eighteenth century to the present. Students will also review grammar, usage, and rhetorical skills in preparation for the English section of the ACT.

COURSE #: HS0138**CREDITS: 1 Unit****TYPE OF CREDIT: English****AP ENGLISH LITERATURE & COMPOSITION******GRADE: 12****Prerequisite:** English III or AP English Lang

Course Description: This course provides an in-depth study of major works in literature, concentrating on the skills of analysis and evaluation of literary texts which will prepare the student for the AP English Literature & Composition exam in May of the senior year and for advanced studies in college. An honor point may be earned for each semester. It is recommended that students have earned an "A" or "B" in English III or American Lit & Comp, have strong verbal skills, and have good study and attendance habits. The student's English teacher's recommendation may be requested. All students are expected to take the AP exam and pay the examination fee.

COURSE #: HS0140**CREDITS: 1 Unit****TYPE OF CREDIT: English****ENGLISH COMPOSITION 110******GRADES: 11-12****Prerequisite:** 3.0 GPA & UMKC application approval requirements**11th grade students enrolling in this class must still be enrolled in English III or AP English Language****Recommendation:** Teacher's recommendation and a portfolio evaluated by the 110 instructor**Dual/Articulated Credit:** 3 hours

Course Description: This intensive writing and reading course builds on the student's past writing experiences and provides the opportunity to develop a more sophisticated writing process. Students will develop critical thinking and reading skills as they read and respond to a variety of texts exploring social, historical, and cultural contexts. Students will develop their critical thinking and writing skills as they draft a series of papers. This course offers the possibility of earning three (3) college credit hours in English Composition through UMKC. Students must meet the enrollment criteria established by UMKC. Students may also earn one weighted/honor point for successful completion of this course for college credit. The UMKC fee is required for earning college credit.

COURSE #: HS0186**CREDITS: ½ Unit****TYPE OF CREDIT: English**

ENGLISH 214–INTRODUCTION TO FICTION**
GRADES 11-12

Prerequisite: 3.0 GPA and UMKC approval

Dual/Articulated Credit: 3 Hours

COURSE #: HS0187

CREDITS: ½ Unit

TYPE OF CREDIT: English

Course Description: This course involves the critical reading of short stories and novels selected from all periods of English, American, and European literatures. This course will introduce the systematic study of fiction as a literary genre and will equip students for more advanced work in literature. Writing assignments will be responses to the literary texts. This course offers the possibility of earning three (3) college credit hours in English 214, Intro to Fiction, through UMKC. Students must meet the enrollment criteria established by UMKC. Students may also earn one weighted/honor point for successful completion of this course for college credit. The UMKC fee is required for earning college credit.

MODERN NONFICTION

GRADE: 12

Prerequisite: English III or AP English Lang

Course Description: Students will read a variety of nonfiction such as the newspaper and magazines articles, biographies, essays, speeches, memoirs, docudramas, investigative reports. The course will include a wide range of strategies to comprehend, interpret, evaluate and appreciate these texts.

COURSE #: HS0189

CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

COMPUTER COMPOSITION

GRADE: 12

Prerequisite: English III or AP English Lang

Course Description: Intended for students who want to improve the writing skills developed in previous English courses, this course is based on the writing process approach. Students will learn prewriting, composing, revising, and editing techniques. Students will also study published essay models and will learn a process for essay analysis and evaluation. Grammar and usage skills will be reviewed in preparation for the ACT.

COURSE #: HS0182

CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

MODERN LITERATURE

GRADE: 12

Prerequisite: English III or AP English Lang

Course Description: Students will read and explore a variety of literary works, including short stories, novels, plays, and films from varied cultures. The study of the works will emphasize an understanding of traditions unique to the various cultures. Students will learn and practice strategies to improve comprehension and will develop their analytical skills. Writing assignments will be expository and will emphasize analysis and evaluation. Tests over the literature will include items requiring critical thinking and problem solving.

COURSE #: HS0180

CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

CREATIVE WRITING I

GRADES: 10-12

Course Description: This course is designed for creative, original thinkers who like to write. Students will write short stories, poetry, and magazine articles. Students will be expected to keep class journals. Since grammar and usage are not taught in this course, students who enroll should have competency in these.

COURSE #: HS0154

CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

CREATIVE WRITING II

GRADES: 10-12

Prerequisite: Creative Writing I and teacher approval

Course Description: Available to sophomores, juniors and seniors who have shown proficiency in Creative Writing I, this course further develops individual abilities in writing poetry, short stories, and plays. Students will keep personal and class journals and will have the opportunity to compete in writing contests. Members of this class will be the production staff for the school's literary magazine.

COURSE #: HS0158

CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

AMERICAN ARTS & CULTURE SINCE WWII
GRADES: 11-12

COURSE #: HS1530
CREDITS: ½ Unit

TYPE OF CREDIT: English Elective

Course Description: Students will consider and respond to several essential questions about the American culture in the post-World War II era. Through work on individual and group research, decision-making activities, simulations, and oral and written performances, students will practice organizing and analyzing skills and will reflect on the major cultural changes in our society since World War II.

JOURNALISM I (BSHS only)
GRADES: 9-11

COURSE #: BS0168
CREDITS: ½ Unit

TYPE OF CREDIT: Elective

Course Description: Journalism I is a semester course that introduces students to the fundamentals of *both* newspaper and yearbook (magazine) journalism. Students are introduced to the responsibilities and ethics of journalists and to journalistic ethics. This course emphasizes learning to write news, features, editorials and sports stories. Students are also introduced to headline writing, copy editing, and layout and design. This course will also cover some fundamentals of 35mm photography, advertising, and journalism law, and the duties of editors, assistant editors, and copy and layout editors. The fundamentals of layout and design will be covered, and students will become proficient in using the software for word processing and desktop publishing.

JOURNALISM I (BSSHS only)
GRADES: 9-11

COURSE #: BSS0167
CREDITS: ½ Unit

TYPE OF CREDIT: Elective

See previous course description.

PHOTOJOURNALISM I
GRADES: 10-12

COURSE #: HS0169
CREDITS: 1 Unit

Prerequisite: Journalism I

TYPE OF CREDIT: Elective

Recommendation: Grade of B or above in previous English class

Course Description: The students in this journalism course will produce the photographs for the school newspaper and yearbook. This class involves after-school work. The students' coursework will prepare them for entrance into a college journalism program. Students interested in photography for this publication should see the **adviser** for information.

NEWSPAPER I
GRADES: 10-12

COURSE #: HS0166
CREDITS: 1 Unit

Prerequisite: Journalism I

TYPE OF CREDIT: Elective, Practical Arts

Recommendation: Grade of B or above in previous English class

Course Description: Newspaper I is a full-year course that will give students the opportunity to experience all facets of newspaper journalism, including writing, copy editing, layout and design, photography, advertising and production. Students will experience the responsibilities of newspaper journalists as part of the school newspaper staff. Students will write news features, editorials and sports stories for the school newspaper and will be able to apply for positions as section editors and assistant editors on the staff. Students will experience the duties of headline writing, copyediting, and layout and design. They will become proficient in using the software for word processing and desktop publishing in the computer labs as they help the advanced newspaper students produce each edition of the school paper. The course will prepare students for entrance into the Newspaper II class.

NEWSPAPER II**GRADES: 11-12****Prerequisite:** Newspaper I or Journalism I, and newspaper teacher approval.**COURSE #: HS0170****CREDITS: 1 Unit****TYPE OF CREDIT: Elective, Practical Arts**

Course Description: Newspaper II is a full-year course that will give students the opportunity to experience all facets of newspaper production, including writing, reporting, in-depth reporting, copy editing, layout and design, photography, and advertising. Students learn the responsibilities of newspaper journalists as editors on the school newspaper staff. Students will write news, features, editorials, sports columns, and in-depth stories for the school newspaper. They will serve as editors and assistant editors on the staff. Because of the hands-on nature of the class, students will prepare for a future in journalism.

YEARBOOK I**GRADES: 10-12****Prerequisite:** Journalism I**Recommendation:** Grade of B or above in previous English class**COURSE #: HS0176****CREDITS: 1 Unit****TYPE OF CREDIT: Elective, Practical Arts**

Course Description: The students in this course will learn the skills necessary for yearbook production. The class covers all the fundamentals, including copy writing, editing, layout design, planning, organization, and photography. Students will learn the software used for computer production and will be assigned articles for the yearbook publication. This course will prepare the student for entrance into advanced yearbook.

YEARBOOK II**GRADES: 11-12****Prerequisite:** Journalism I, Yearbook I,

grade of B or above in previous English class and yearbook teacher approval

COURSE #: HS0178**CREDITS: 1 Unit****TYPE OF CREDIT: Elective, Practical Arts**

Course Description: The students in this advanced journalism course will produce the school yearbook. Each person handles certain portions of the book; meeting deadlines is a necessity. This course involves after-school work. Students interested in photography for this publication should see the advisor for information.

****Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

FAMILY AND CONSUMER SCIENCES

(All courses listed fulfill Practical Arts requirement)

DISCOVERING FCS (Freshman Center Only)

GRADE: 9

COURSE #: FC1110

CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: This course offers students the opportunity to learn skills for independent living. Topics to be covered include career and family leadership, childcare, clothing, consumer education, family and individual health, family living, and parenthood, food preparation skills, careers, and housing.

NUTRITION & WELLNESS

GRADES: 9-12

COURSE #: HS1153

CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: This is an introductory course in basic nutrition that will cover the following topics: safety and sanitation in the kitchen, kitchen management, basic food purchasing, microwave cooking, grains, preparation and storage skills, dietary needs throughout the life cycle, and food service career exploration. Sports nutrition, eating disorders, and malnutrition are explored in depth. This course involves a variety of classroom techniques as well as laboratory experienced. Membership and participation in FCCLA, a student organization to promote Family and Consumer Science, is encouraged.

CULINARY SKILLS I

GRADES: 11-12

COURSE #: HS1154

CREDITS: 1 Unit

TYPE OF CREDIT: Practical Art

Course Description: This is the first of two ProStart Culinary Arts classes that are designed for the student who wants to pursue a career in culinary arts, food service or the hospitality industry. Students have the opportunity to earn a National ProStart Culinary Arts Certificate of Achievement and articulated college credit. Instruction focuses on food safety and sanitation, understanding standard recipes, equipment usage, building a successful career, management essentials, serving guests, and food preparation techniques such as stocks, sauces, soups, fruits and vegetables, and potatoes and grains. Students are encouraged to work in foodservice to complete required work experience competencies by the end of year 2. Students are eligible to try out for FCCLA and ProStart culinary competition teams. Membership and participation in FCCLA, a student organization to promote Family and Consumer Science, is encouraged.

CULINARY SKILLS II

GRADES: 11-12

COURSE #: HS1155

CREDITS: 1 Unit

TYPE OF CREDIT: Practical Art

Prerequisites: Pass Culinary Skills I with a grade of C or above

Course Description: This is the second year of the 2 year program designed for students working toward the ProStart Culinary Arts Certificate. Instruction includes food preparation techniques in breakfast foods, sandwiches, salads, garnishing, meats, poultry and fish, desserts and baked goods, and global cuisines. Students study marketing, cost control, menu development and nutrition as part of preparing for a successful career. Students must complete their 400 required foodservice hours by the end of year 2 to earn the National Certificate of Achievement. Students are eligible to try out for FCCLA and ProStart culinary competition teams. Membership and participation in FCCLA, a student organization to promote Family and Consumer Science, is encouraged.

WORLD FOODS

GRADES: 10-12

COURSE #: HS1152

CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Nutrition and Wellness or equivalent

Course Description: Units of study include advanced nutrition and food preparation techniques, cultural and geographical influences on eating habits, world hunger, and cuisines of regional America, Mexico, Spain, Italy, France, Asia, and Latin America. Additional cuisines are determined by student

interest. Membership and participation in FCCLA, a student organization to promote Family and Consumer Science, is encouraged.

CHILD DEVELOPMENT
GRADES: 9-12

COURSE #: HS1116 (1st sem.) & HS1117 (2nd Sem)
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: This course is intended for those who take seriously the responsibility of parenthood and/or plan to work in a child-related profession. Emphasis is on parenting skills, teenage pregnancy, childbirth, prenatal and postnatal care of infants, developmental patterns of children, and the effects of heredity and environmental. Child safety, child abuse, career opportunities, and other related topics to the developing child will be discussed. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

CHILD CARE & GUIDANCE
GRADES: 10-12

COURSE #: HS1118 (1st Sem) and HS1119 (2nd Sem)
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Child Development

Course Description: Course content will include childcare and development concepts that have significance for those who are interested in working in a child care occupation or other child-related profession, as well as for potential parents. An actual preschool situation will be provided. Emphasis will be on early childhood education. Students will be responsible for children aged three to five, three times a week. Students are required to teach the preschoolers and write a case study regarding the development and progress of one preschooler in the class. Observation journals and active participation will also be required of students. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

ADVANCED CHILD CARE
GRADES: 11-12

COURSE #: HS1120
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Child Care 1118 or 1119,
pass Child Care & Guidance with a grade of C or above

Course Description: Course content will include childcare and development concepts that have significance for those who are interested in working in a child care occupation or other child-related profession, as well as for potential parents. An actual preschool situation will be provided. Emphasis will be on early childhood education. Students will be responsible for children aged three to five, three times a week. Students are required to teach the preschoolers and prepare a teaching portfolio. Observation journals and active participation will also be required of students. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

FASHION & APPAREL I
GRADES: 10-12

COURSE #: HS1121
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Fashion & Apparel I will involve students in critical thinking through fashion and consumer awareness, clothing selection and care, project construction, technology, and careers. Students will design original fashion silhouettes, create window dressings, and study the fashion industry's impact on the consumer. This class is designed as an introductory course for students who have little or no experience with sewing and clothing construction. Students will select their own patterns, with approval, and sew garments to learn basic sewing techniques. Students are responsible for sewing supplies and fabric for construction of projects, which may cost from \$75 and up, depending on projects selected. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

FASHION & APPAREL II
GRADES: 10-12

COURSE #: HS1122
CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Prerequisite: Fashion & Apparel I

Course Description. This course is designed for students who have a strong interest in textiles or fashion. Students explore fashion and textile career opportunities and fashion publications. Students discuss and apply basic entrepreneurship opportunities and develop leadership and employability skills.

Students study textiles, historic costumes, fabric, fit and pattern selection, and learn how to evaluate ready-to-wear and hand-constructed garments. A variety of visual merchandising displays, including a “store” window will be required. Students discuss fashion designers and develop an original fashion with design inspiration and sketches. The fashion projects created in this course use more advanced techniques and difficulty. Students are responsible for sewing supplies and fabric for the construction of projects, which may cost from \$75 and up, depending on projects selected. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

HOUSING ENVIRONMENTS AND DESIGN
GRADES: 10-12

COURSE #: HS1128

CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Course content includes types of housing, determining when to buy, build or rent a home, guides to architecture, construction, home financing, fundamental principles of home planning, floor plans, work centers, traffic patterns, energy efficiency, use and effect of colors, study of furniture styles, furniture selection and arrangement, wall and floor coverings and window treatments. Students will draw a floor plan to scale and arrange furniture in the rooms according to set guidelines. This course involves some math skills and does not deal strictly with interior design. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

FAMILY RELATIONS
GRADES: 11-12

COURSE #: HS1130

CREDITS: ½ Unit

TYPE OF CREDIT: Practical Art

Course Description: Family Relations is a class for Juniors and Seniors about the inter-relationships among family members. Course content helps students to understand the problems that can occur in families and the student’s role in those situations. Subject areas studied are personal growth, development of reasoning skills, family functions, the life cycle of a family, handling conflict and communication in families, constructive ways of handling stress, and skills and techniques for better relationships, including marriage, dating, mate selection and marriage laws and customs. Membership and participation in FCCLA, a student organization to promote family and consumer science, is encouraged.

FOREIGN LANGUAGE

(Elective credit only; these do not fulfill a specific graduation requirement. Many colleges require foreign language in high school for admission. Check with the college of your choice. American Sign Language is considered a foreign language by some colleges and universities.)

FRENCH I
GRADES: 9-12

COURSE #: HS0602
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Course Description: This class consists of basic skills in speaking, listening, comprehension, reading, writing and culture with an introduction to simple grammar. Any student who has passed Level I of this class with a "B" or above during Level I, and who wishes to continue courses in the same language, will be required to enroll in Level II.

FRENCH II
GRADES: 10-12

COURSE #: HS0606
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: French I

Course Description: This class is a continuation of study of the skills acquired in French I with an emphasis on writing and more complex grammar.

FRENCH III/UMKC French 110-120**
GRADES: 11-12

COURSE #: HS0608
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: French II, UMKC requirements including a 3.0 if taking for college credit

Dual Credit: 5 hours per semester of credit (UMKC 110 first semester and UMKC 120 second semester) may be earned by students who successfully complete the UMKC course requirements as outlined in the instructor's syllabus and the university catalog. Grades are recorded on the student's UM system transcript. UMKC will direct bill at reduced rates.

Course Description: This class is designed for students who wish to continue their study of the French language and focus on their ability to speak and understand simple (spoken) French as well as to read and write simple prose. Emphasis is on increased verbal skill, more complex grammar, expanded vocabulary, and increased ability in reading and writing. A weighted/honor point may be earned for each semester passed. Students may earn 5 hours of college credit per semester if they meet UMKC prerequisites. A UMKC fee is required if this course is taken for college credit.

**ADVANCED FRENCH LITERATURE,
COMPOSITION & CONVERSATION**
GRADES: 11-12

COURSE #: HS0618
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: French III

Course Description: This course will include the study of the classic French literature, culture, and history. Emphasis will be placed on advanced readings, composition and conversation in French.

AP FRENCH**
GRADES: 11-12

COURSE #: HS0614
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: French III or teacher recommendation

Course Description: This course is a thorough language review course for upper level French students preparing to take the college AP examination. Emphasis will be placed on the practice of reading, writing, listening, and speaking French as tested in the AP examination. A weighted/honor point may be earned for each semester passed. All students are expected to take the AP exam and pay the examination fee.

SPANISH I
GRADES: 9-12

COURSE #: HS0622
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Course Description: This class consists of basic skills in speaking, listening comprehension, reading, writing and culture with an introduction to simple grammar. Any student who has passed level I of this class with a "B" or above during eighth grade, and who wishes to continue courses in the same language, will be required to enroll in level II for ninth grade.

SPANISH II
GRADES: 9-12

COURSE #: HS0626
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: Spanish I

Course Description: This class is a continuation of study of the skills acquired in Spanish I with an emphasis on writing and more complex grammar.

SPANISH III
GRADES: 10-12

COURSE #: HS0630
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: Spanish II

Course Description: This class is designed for those students who wish to continue their study of the Spanish language. Emphasis is on increased verbal skill, more complex grammar, expanded vocabulary, and increased ability in reading and writing.

**ADVANCED SPANISH LITERATURE,
 COMPOSITION & CONVERSATION I**
GRADES: 11-12

COURSE #: HS0639
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: Spanish III

Course Description: This class will be a continuation of Spanish for those students who are more serious language students. The class will center on literature, including poetry, drama, short stories, and excerpts of novels. The students will work on skills in reading, writing, speaking, and listening in Spanish.

PRE-AP SPANISH
GRADES: 11-12

COURSE #: HS0636
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: Spanish III

Recommendation: Teacher recommendation

Course Description: This course is designed for those students with a strong background in Spanish. This rapidly paced course will prepare students for the rigors of AP Spanish. It is designed to review and build on grammatical points as tested on the AP Spanish exam. The course will also provide opportunities to improve reading, writing, listening and speaking skills. One honor point may be earned for the successful completion of this full-year course at the end of the year.

AP SPANISH**
GRADES: 11-12

COURSE #: HS0634
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: Spanish III

Course Description: This course is a thorough language review course for upper level Spanish students preparing to take the college AP examination. Emphasis will be placed on the practice of reading, writing, listening, and speaking in Spanish as tested in the AP examination. A weighted/honor point may be earned for each semester passed. All students are expected to take the AP exam and pay the examination fee.

GERMAN I
GRADES: 9-12

COURSE #: HS0642
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Course Description: This course consists of basic skills in speaking, listening, comprehension, reading and writing. A verbal approach will be used as a foundation for learning German. Cultural aspects of German-speaking nations will be blended into the course where appropriate.

GERMAN II
GRADES: 10-12

COURSE #: HS0646
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: German I

Course Description: This course continues the studies and skills acquired in German I. Emphasis will be given to complex grammar points, advanced verbal skills and increased reading and writing ability as well as the cultural aspects of German speaking countries.

GERMAN III/College I**
GRADES: 11-12

COURSE #: HS0651
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: German II and/or instructor's approval, 3.0 GPA, UMKC enrollment guidelines

Recommendations: Minimum grade of C in prerequisite course or proficiency assessment

Dual Credit: 5 hours per semester of credit (German 110 first semester and German 120 second semester) may be earned by students who successfully complete the UMKC course requirements as outlined in the instructor's syllabus and the university catalogue. Grades are recorded on the student's UM system transcript. UMKC will direct bill at reduced rates or provide tuition assistance to concurrently enrolled students.

Course Description: This course continues to develop all four language skills (to read and write in simple prose as well as listen, understand, and speak simple discourse) in German. Students will learn expanded structures of German grammar and increase their ability using these structures communicatively by talking in class and through short writing assignments. Students will also learn about German culture and history through readings and class discussions. Students will be introduced to German literature and will watch a German feature film. An additional weighted/honor point may be earned for each semester passed of this course.

GERMAN IV/College II**
GRADES: 12

COURSE #: HS0654
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Prerequisite: German III, completion of UMKC110/120, UMKC enrollment guidelines

Recommendations: Minimum grade of C in prerequisite course

Dual Credit: 3 hours per semester of credit may be earned for students that meet UMKC guidelines. (German 211 and German 221 UMKC)

Course Description: This course is designed to be a thorough language review course for upper level German students. This course entails further development of comprehension and communicative skills, reading of moderate difficulty that increases student's knowledge of German culture and history, grammar review, and practice in writing. All this will be obtained through the text, practices, and vocabulary in the textbook as well as additional materials. The goal is attainment of intermediate proficiency in the language and application of the newly learned concepts. An emphasis is also placed on the practice of reading, writing, listening and speaking in German. Students will write essays, a film journal, and read a classic German drama. Students in this course will participate in active discussions in German as much as possible. An additional weighted/honor point may be earned for each semester passed of this course.

****Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

INDUSTRIAL/TECHNICAL EDUCATION
(All courses fulfill Practical Arts requirements)

GENERAL METALS
GRADES: 10-12

COURSE #: HS1010
CREDITS: ½ Unit
TYPE OF CREDIT: Practical Art

Course Description: Students in this course will study ferrous and non-ferrous metals as used in everyday life and in industry. This class will offer limited experience in the safe operation of hand and power tools to help students understand processes and develop abilities and interests in technology as it applies to metalworking.

METALS TECHNOLOGY
GRADES: 10-12

COURSE #: HS1012
CREDITS: ½ Unit
TYPE OF CREDIT: Practical Art

Prerequisite: General Metals

Course Description: Through practical experiences in machining metals, casting hot metals, and production technology, students will study tools, materials, safety, and processes in the metal working industry. Students will also be introduced to the growing field of high-tech occupations, and they will become better-educated consumers.

GENERAL WOODWORKING I
GRADES: 10-12

COURSE #: HS1014
CREDITS: ½ Unit
TYPE OF CREDIT: Practical Art

Course Description: The students will study the basic elements of woodworking and develop an interest and understanding of wood technology. Emphasis in this class is on wood identification, problem solving techniques and the development of basic skills and safety with both hand and power tools. By the end of the course the students will sketch, plan, and build a wood project. If students wish to keep their projects, they must pay for the materials used.

GENERAL WOODWORKING II
GRADES: 10-12

COURSE #: HS1015
CREDITS: ½ Unit
TYPE OF CREDIT: Practical Art

Prerequisite: General Woodworking I
with a recommended C or above and teacher approval

Course Description: This course is for those students who wish to continue developing their skills in woodworking but cannot take the full-year course. Projects in this class will be similar to those in Advanced Woodworking but will be smaller and less difficult to design.

ADVANCED WOODWORKING
GRADES: 11-12

COURSE #: HS1016
CREDITS: 1 Unit
TYPE OF CREDIT: Practical Art

Prerequisite: General Woodworking I
and teacher approval

Course Description: The objectives of this course include furniture design and construction and technical woodworking procedures. This class is designed for students interested in developing and refining their woodworking skills by planning and manufacturing instructor-approved projects. The student will be responsible for the cost of all materials used in the construction of their project.

DRAFTING FUNDAMENTALS I
GRADES: 9-12

COURSE #: HS1018
CREDITS: ½ Unit
TYPE OF CREDIT: Practical Art

Course Description: This class will introduce the student to the language of industry and technology. Students will develop skills in the field of technical drawing and computer aided design. No previous experience in drafting is required.

COMPUTER AIDED DESIGN I**GRADES: 10-12****Prerequisite:** Drafting Fundamentals I

Course Description: This course is constructed for students interested in developing computer drafting skills and gaining more technical knowledge of the drafting industry.

COURSE #: HS1034**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art****COMPUTER AIDED DESIGN II****GRADES: 10-12****Prerequisite:** CAD I

Course Description: Students will further explore the uses of the computer in drafting. CAD drafting is recommended for students interested in various engineering fields.

COURSE #: HS1036**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art****MECHANICAL DRAWING I****GRADES: 11-12****Prerequisite:** CAD II

Course Description: This course is for students having a desire to increase their drafting skills and to gain more technical knowledge of the drafting industry. The course is mainly mechanical and technical with some possible map work. All work is done with drafting machines and/or computers.

COURSE #: HS1022**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art****MECHANICAL DRAWING II****GRADES: 11-12****Prerequisite:** Mechanical Drawing I

Course Description: This course is a more in-depth study of the drafting industry and skills needed for successful work in drafting. Mechanical and technical skills are emphasized through work with drafting machines and/or computers.

COURSE #: HS1023**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art****ARCHITECTURAL DRAWING****GRADES: 10-12****Prerequisite:** Drafting Fundamentals I

Course Description: In this course, basic elements and techniques related to the architectural drawing industry are studied. Students will design and draw plans and details for a three-bedroom home including basement and garage, and they will develop technical drawing skills.

COURSE #: HS1024**CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art****SMALL ENGINE REPAIR****GRADES: 10-12**

Course Description: This course is designed to trace the basics of power machines from their historical beginning to the tools, materials, and methods of current small engine repair. This course emphasizes the use, care, and maintenance of the various gauges, tools, materials and testing equipment used in the laboratory. The students will apply what they have learned by disassembling fuel and exhaust systems, ignition systems and lubricating systems. Safety around moving parts and machines will be taught. The various occupations related to the power industries will also be studied. Each student will provide his/her own small gasoline engine for laboratory use. Cost to the student for the class will be for repair parts for the engine.

COURSE #: HS1028**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art****HOME MAINTENANCE AND REPAIR****GRADES: 9-12**

Course Description: Maintaining a home and keeping it in good repair will be the main interests in this course. Some of the tools, materials, processes and products associated with the maintenance of the home will be studied. This course will provide occupational information that deals with plumbing, carpentry, house wiring, wall coverings, concrete work, and various other home repairs. A consumer knowledge of safety will also be emphasized throughout this class.

COURSE #: HS1030**CREDITS: ½ Unit****TYPE OF CREDIT: Practical Art**

CONSTRUCTION TECHNOLOGY
GRADES: 11-12**COURSE #: HS1032****CREDITS: 3 Units****TYPE OF CREDIT: Practical Art**

Course Description: This course is designed for students interested in developing skills and careers in either construction or building remodeling. This course instructs students in architectural blueprints, job scheduling, site layout, bid formulation, building and zoning laws, and industrial safety. The student will participate in on-the-job activities such as carpentry, metal building fabrication, electrical house wiring, plumbing, concrete technology, and landscaping. This course meets in a three-hour block for the entire year. There is no fee for the students.

CONSTRUCTION TECHNOLOGY INTERNSHIP**COURSE #: HS1033****GRADE: 12****CREDITS: 1 Unit****Prerequisite:** Construction Technology**TYPE OF CREDIT: Practical Art**

Course Description: Students are placed in a work release vocational career-training job. This employment is directly related to the development of skills necessary for successful employment in the field of crafts related to all construction. This on-the-job experience is supervised by the Construction Technology instructor, who has been approved by the Missouri Department of Vocational Education. The student must have earned credit in the Construction Technology program the junior year in order to be qualified for this work release program. Students must work a minimum of 15 hours a week on the approved job.

ALGEBRA A
GRADE: 9
COURSE #: HS0318
CREDITS: 1 Unit
TYPE OF CREDIT: Math

Course Description: The subject matter covered in this course is approximately equal to that covered in one semester of the Algebra I class. This course introduces students to Algebra, which is taught at a reduced pace giving the student the extra time and practice needed to master these important skills. After the student passes Algebra A, he/she will be enrolled in Algebra B.

ALGEBRA B
GRADE: 10
COURSE #: HS0319
CREDITS: 1 Unit
TYPE OF CREDIT: Math
Prerequisite: Algebra A

Course Description: This course is the second of a two-year program designed to give a student the full experience of Algebra I without the fast pace of a single-year course. Algebra B is equivalent to the second semester of Algebra I. The student must successfully complete both Algebra A and Algebra B or Algebra I before enrolling in the next succeeding course.

ALGEBRA I
GRADE: 9
COURSE #: HS0330
CREDITS: 1 Unit
TYPE OF CREDIT: Math

Course Description: This course is an entry level course for advanced mathematics classes. The student will begin to work with variables, expression, and basic equations. The student will then progress to solving linear and quadratic equations, graphing those equations and factoring them. Students will also be asked to solve word problems a person may encounter in everyday life situations.

TECHNICAL GEOMETRY
GRADES: 10-12
COURSE #: HS0332
CREDITS: 1 Unit
TYPE OF CREDIT: Math
Prerequisite: Algebra B

Course Description: This course is designed for those students who will benefit from an application approach to geometric concepts. Focus will be on measurement, including coordinate geometry, area, volume, ratios, proportions, and basic trigonometric formulas.

GEOMETRY
GRADES: 9-12
COURSE #: HS0334
CREDITS: 1 Unit
TYPE OF CREDIT: Math
Prerequisite: Algebra I

Course Description: This course provides a variety of topics using shapes with problems, proofs, and basic constructions so that the student has the opportunity to analyze and practice independent thinking. This expanded knowledge will allow students to enhance their Algebra skills by using 2-dimensional and 3-dimensional geometric figures and appropriate formulas.

ALGEBRA II
GRADES: 10-12
COURSE #: HS0338
CREDITS: 1 Unit
TYPE OF CREDIT: Math
Prerequisite: Geometry or Technical Geometry

Calculator is TI-83 Plus or TI-84.

Course Description: This course builds upon and extends the concepts, skills and understanding learned in Algebra I. The course will also introduce more advanced topics that will serve as a foundation for Pre-AP Calculus, Trigonometry and College Algebra.

ADVANCED ALGEBRA**GRADES: 11-12****Prerequisite:** Algebra II**Suggested calculator is TI-83 Plus or TI-84.**

Course Description: This course is designed for students who want or need more instruction in the area of algebra. Advanced Algebra will expand upon concepts learned in previous courses. This course will prepare the students for college level work in mathematics.

COURSE #: HS0346**CREDITS: 1 Unit****TYPE OF CREDIT: Math****TRIGONOMETRY****GRADES: 11-12****Prerequisite:** Algebra II or completion of 1st semester Algebra II**Recommendation:** Teacher approval**Suggested calculator is TI-83 Plus or TI-84.**

Course Description: This will be a semester course covering only trigonometric concepts. including basic trigonometric ratios, solving right triangles, the unit circle and application problems that involve trig solutions. This course does not satisfy the Calculus AP prerequisites.

COURSE #: HS0348**CREDITS: ½ Unit****TYPE OF CREDIT: Math**

Juniors and Seniors may enroll in the advanced mathematics classes listed below if enrollment criteria are met.

College Business Calculus, College Algebra, College Statistics, and College Trigonometry are offered through dual credit under guidelines established through the Metropolitan Community College (MCC). Students must have completed the prerequisite courses; students must have an overall GPA of 3.0; and students must have an appropriate qualifying score on the PLAN, ACT, or COMPASS assessment. The MCC fee is required for college credit. Community college credit is awarded for successful completion of the course. If a student elects to take one of the dual credit classes for no college credit, he/she must still meet district requirements.

COLLEGE STATISTICS (MATH 115)****GRADES: 11-12****Prerequisite:** Algebra II and 3.0 GPA and qualifying score on the PLAN, ACT, or COMPASS assessment**Dual/Articulated Credit:** 3 Sem. Hours – MCC for qualified students

Course Description: This course will cover descriptive and inferential statistics, ungrouped and grouped data, elementary probability, discrete and continuous statistical inference, significance and distribution measures, regression and correlation analysis. Students not taking for college credit, must have completed Algebra II in order to enroll.

COURSE #: HS0352**CREDITS: ½ Unit****TYPE OF CREDIT: Math****COLLEGE BUSINESS CALCULUS (Math 175)******GRADE: 12****Prerequisite:** Qualifying score on the PLAN, ACT, or COMPASS Assessment and successful completion of Pre-Calculus, College Algebra, or Algebra II and 3.0 GPA**Dual/Articulated Credit:** 3 Sem. Hours – MCC for qualified students

Course Description: This course is designed especially for the college-bound student desiring to enter the fields of business or related areas. The student will be introduced to basic calculus identities and functions, along with the application of derivatives and maxima/minima including work with limits. An additional weighted/honor point may be earned for successful completion of this course. The MCC fee is required for college credit and must be paid within the first week of the semester.

COURSE #: HS0354**CREDITS: 1 Unit****TYPE OF CREDIT: Math**

PRE-AP CALCULUS**GRADES: 11-12****Prerequisite:** Geometry and Algebra II**Recommendation:** A grade of B or above in Algebra II & Geometry

Course Description: This course is designed for those students with a strong background in Algebra II and Geometry. This rapidly paced course will prepare students for the rigors of AP Calculus. It is designed to go into algebraic and trigonometric concepts in the detail needed for AP Calculus. One honor point may be earned for successful completion of this full-year course at the end of the year.

COURSE #: HS0355**CREDITS: 1 Unit****TYPE OF CREDIT: Math****AP CALCULUS AB******GRADE: 12****Prerequisite:** A grade of B or above in Pre-AP Calculus

Course Description: This course is the equivalent of a first semester course in college calculus. Topics covered will be limits, derivatives, integration, the application of derivatives and integrals, sequences, and infinite series. The course is designed to prepare a student for the AP exam in Calculus in May. An additional weighted/honor point may be earned for each semester passed of this course. Students are strongly encouraged to purchase a graphing calculator that may be used on the AP test and will be used in class. All students are expected to take the AP exam and pay the examination fee.

COURSE #: HS0356**CREDITS: 1 Unit****TYPE OF CREDIT: Math****COLLEGE ALGEBRA PREP/COLLEGE ALGEBRA (MATH 120)******GRADES: 11-12****Prerequisites:** Algebra II and/or Pre-Calculus, 3.0 GPA, and a qualifying score on the PLAN, ACT, or COMPASS assessment**Dual/Articulated Credit:** 3 hours for qualified students second semester

Course Description: This course is a sophisticated study of relations, functions, and their graphs, ratios, proportion, variation, quadratic and quadratic form equations, theory of higher degree equations, systems of equations, inequalities, and determinants. The first semester of this course provides a strong foundation for taking the College Algebra (Math 120) during the second semester. Students may earn three hours of college credit through the Metropolitan Community Colleges system if they meet MCC requirements during the second semester. One honor point may be earned for successful completion of the course for college credit at the end of the year. The MCC fee is required for college credit and must be paid within the first week of the semester.

COURSE #: HS0358**CREDITS: 1 Unit****TYPE OF CREDIT: Math****COLLEGE ALGEBRA (MATH 120) Semester Long******GRADES: 11-12****Prerequisites:** Algebra II and/or PreCalculus, 3.0 GPA, and qualifying score on the PLAN, ACT or COMPASS assessment**Dual/Articulated Credit:** 3 hours available for qualified students - MCC

Course Description: This course is a sophisticated study of relations, functions, and their graphs, ratios, proportion, variation, linear equations, problem solving, quadratic and quadratic form equations, theory of higher degree equations, systems of equations, inequalities, determinants. Students may earn three hours of college credit through the Metropolitan Community Colleges system if they meet MCC requirements. One honor point may be earned for successful completion of the course for college credit at the end of the semester. The MCC fee is required for college credit and must be paid within the first week of the semester.

COURSE #: HS0360**CREDITS: ½ Unit****TYPE OF CREDIT: Math****COLLEGE TRIGONOMETRY (MATH 130)******GRADES: 11-12****Prerequisites:** College Algebra (Math 120) or Pre-AP Calculus, 3.0 GPA and a qualifying score on the PLAN, ACT, or COMPASS assessment**Dual/Articulated Credit:** 3 hours available for qualified students - MCC

Course Description: This course will be taught second semester only. This course is an advanced study of angle based trigonometric functions and their inverses, multiple angle formulas, identities, conditional equations, radian measure, arc length, angular velocity, function graphing, logarithms, and

COURSE: HS0362**CREDITS: ½ Unit****TYPE OF CREDIT: Math**

tables, and it will include solution of triangles. Students may earn three hours of college credit through the Metropolitan Community Colleges system if they meet MCC requirements. An additional weighted/honor point may be earned for successful completion of this course. The MCC fee is required for college credit and must be paid within the first week of the semester.

**** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

MUSIC
(All courses listed fulfill Fine Arts requirements)

FRESHMAN BAND (BSHS only)**COURSE #: BS0810****GRADE: 9****CREDITS: 1 Unit****Prerequisite:** 2 years of band or audition**TYPE OF CREDIT: Fine Art**

Course Description: This band is co-curricular (in school and outside of school activities) and is open to students with a minimum of two years prior band class experience. All students must audition for specific band placement. Band members are required to participate in marching band and pep band activities beyond normal school day. Students should plan to attend the three-week summer music enrichment class. Students may become members of extracurricular bands and ensembles such as Jazz Band, Pit Orchestra, All District, All State, Solo and Ensemble Contests or other special groups after auditions and/or the director's recommendation. Students may not audition for any group without the recommendation of the band director. Students are required to be at all performances and rehearsals (including but not limited to the following: home football games, contests, special events and before/after school rehearsals). Grades will be based on playing and written exams, daily participation, after/before school rehearsals and all performances.

FRESHMAN BAND (BSSHS only)**COURSE #: BSS0811****GRADE: 9****CREDITS: 1 Unit****Prerequisite:** 2 years of band or audition**TYPE OF CREDIT: Fine Art****See previous course description.****CONCERT BAND (BSHS only)****COURSE #: BS0812****GRADES: 10-12****CREDITS: 1 Unit****Prerequisite:** 2 years of band or audition**TYPE OF CREDIT: Fine Art**

Course Description: This band is co-curricular (in school and outside of school activities) and is open to students with a minimum of two years prior band class experience. All students must audition for specific band placement. Band members are required to participate in marching band and pep band activities beyond the normal school day. Students should plan to attend the three-week summer music enrichment class. Students may become members of extracurricular bands and ensembles such as Jazz Band, Pit Orchestra, Full Orchestra, All District, All State, Solo and Ensemble Contests or other special groups after auditions and/or the director's recommendation. Students may not audition for any group without the recommendation of the band director. Students are required to be at all performances and rehearsals (including but not limited to the following: home football games, contests, parades, concerts, special events and before/after school rehearsals). Grades will be based on playing and written exams, daily participation, after/before school rehearsals and all performances.

SYMPHONIC BAND (BSSHS only)

GRADES: 10-12

Prerequisite: Membership by audition only

See previous course description.

COURSE #: BSS0832

CREDITS: 1 Unit

TYPE OF CREDIT: Fine Art

ORCHESTRA (BSHS only)

GRADES: 9-12

Prerequisite: 1 year of orchestra experience/audition

Dual Credit*: Seniors have the opportunity to earn 1 college credit each semester if they meet MCC guidelines and pay the MCC fee the first semester of school (MCC MUSI 105 Orchestra for first semester (1 credit) and MCC MUSI 106 Orchestra II for second semester (1 credit). A senior student taking the 2 dual credit classes will earn 1 honor point at the end of the 2nd semester. If you are a senior wanting to take orchestra for dual credit, please use course # 0841.**

Course Description: This performance group is open to those students with the ability to play an orchestral string instrument. If the student has not played in a school orchestra for one year, an audition is required. Activities include performances on and off campus, contests, and annual concerts. Students wishing to audition for the All District/All State orchestra must be enrolled in Orchestra during the school day. Students may not audition for any group without the recommendation of the teacher of said school ensemble. All freshmen will be enrolled in the 7th hour section.

COURSE #: BS0814

SYMPHONY ORCHESTRA FOR BAND MEMBERS (1st Sem only)

GRADES: 10-12

Prerequisite: Audition only.

Must be enrolled in Band to enroll in this course.

Course Description: This class is offered first semester only and is open to wind, brass, and percussionists who want to join with the strings to experience performing in a Full Symphony Orchestra. You must be enrolled in band to be in the Symphony Orchestra. Placement for this group is by audition only.

COURSE #: HS0833

CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art

CAMPUS CHOIR

GRADES: 9-12

Course Description: This is a non-auditioned, non-performing class for students with limited choral music background. Attention will be placed on learning fundamental skills, history, theory, terms, and vocal techniques.

COURSE #: HS0816

CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art

CONCERT CHOIR (BSHS only)**GRADES: 10-12**

Prerequisite: Students wishing to participate in this ensemble must audition or have the permission to enroll from teacher of said school ensemble

Course Description: This is a class for serious music students interested in continuing their vocal and choral music progress. Emphasis will be on choral works of three and four parts in mixed voice choral literature. The study of techniques, terms and theory will be emphasized. A wide variety of music and styles will be studied and performed. Required rehearsals and concert participation outside of school is included in the student's grade.

COURSE #: BS0818**CREDITS: 1 Unit****TYPE OF CREDIT: Fine Art****CONCERT CHOIR (BSSHS only)****GRADES: 10-12**

Prerequisite: Students must audition and have the recommendation of the teacher of said school ensemble

Dual Credit: Seniors have the opportunity to earn 1 college credit each semester if they meet MCC guidelines and pay the MCC fee the first semester of school (MCC MUSI 101 Mixed Chorus for first semester (1 credit) and MCC MUSI 102 Mixed Chorus II for second semester (1 credit). A senior student taking the 2 dual credit classes will earn 1 honor point at the end of the 2nd semester. If you are a senior wanting to take A Cappella Choir for dual credit, please use course # 0842.**

Course Description: This is an auditioned choir of 60-85 members that aspire to the highest performance standards of quality choral literature. The group takes a bi-annual trip and annually performs in four other concerts and district festivals during the school year. Students wishing to audition for All District/All State choir must be enrolled in Choir during the school year. Required rehearsals and concert participation outside of school is included in the student's grade.

COURSE #: HS0822**CREDITS: 1 Unit****TYPE OF CREDIT: Fine Art**

WOMEN'S ENSEMBLE**GRADES: 11-12****Prerequisite:** Students must have been enrolled

in A Cappella program during the previous year or have instructor's permission/audition

Course Description: This is an auditioned choir of 16-30 members that performs the highest quality choral literature written for the smaller ensemble of treble voices. The group performs at four concerts and several festivals during the school year. Students in Women's Ensemble are strongly encouraged to be co-enrolled in A Cappella or Chamber Choir. Required rehearsals and concert participation is included in the student's grade.

COURSE #: HS0823**CREDITS: 1 Unit****TYPE OF CREDIT: Fine Art****CHAMBER CHOIR****GRADES: 11-12****Prerequisite:** Students must have been enrolled

in A Cappella Choir during the previous school year or have instructor permission/audition

Course Description: This is an auditioned choir of 24-30 members that performs the highest quality choral literature written for the smaller ensemble. The group performs at four concerts and several festivals during the school year. Students in Chamber Choir are strongly encouraged to be co-enrolled in A Cappella Choir. Required rehearsals and concert participation is included in the student's grade.

vocal/instrumental ensemble participation and must be concurrently enrolled in a performance ensemble or instructor approval

Course Description: This is a rigorous course intended for the college-bound student who intends to pursue a career or advanced degree in music. The course will focus heavily on aural training skills, including rhythmic, harmonic and melodic dictation and sight singing. One honor point may be granted for each semester successfully completed. All students are expected to take the AP exam and pay the examination fee.

**** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

PHYSICAL EDUCATION AND HEALTH

PE Enrollment Information:

All students are required to take health (1/2 credit) and 1 full credit of PE (dress out class).

- 1. Ninth grade students should enroll in PE and Health**
- 2. Tenth grade students are encouraged to select a second required dress-out course.**
- 3. Only two physical education courses may be repeated for credit (Physical Fitness and Aerobics Plus)**

Additional PE courses may be taken for elective credit.

PHYSICAL EDUCATION I (Boys)

GRADE: 9

COURSE #: HS1210

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: In this dress-out course, students will learn basic skills and will participate in several of the following activities: basketball, football, volleyball, soccer, softball, team handball, floor hockey, physical fitness, and racquet sports.

PHYSICAL EDUCATION I (Girls)

GRADE: 9

COURSE #: HS1212

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: In this dress-out course, students will learn basic skills and will participate in several of the following activities: basketball, flag football, volleyball, softball, soccer, floor hockey, physical fitness and racquet sports.

PHYSICAL EDUCATION II (Boys)

GRADES: 10-12

COURSE #: HS1214

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out course is designed to allow students to learn and participate in several of the following activities: volleyball, basketball, softball, speedball, flag football, racquet sports, floor hockey, soccer, and team handball.

PHYSICAL EDUCATION II (Girls)

GRADES: 10-12

COURSE #: HS1216

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out course is designed to allow students to learn and participate in several of the following activities: volleyball, basketball, softball, speedball, racquet sports, floor hockey, soccer, and team handball.

HEALTH

GRADE: 9

COURSE #: HS1218

CREDITS: ½ Unit

TYPE OF CREDIT: Health

Course Description: This class is taught in three sections over the course of a semester: personal health/care of the human body, reproduction, diseases and disorders of the body, and understanding the effects of medicines and drugs on the body. Within these sections, topics of study will be the general care of the human body including the physical, mental, and social aspects of our well-being, along with the prevention and understanding of infectious, heredity and lifestyle diseases including sexually transmitted diseases (STD's), tobacco, alcohol, medicines and illegal drugs.

PHYSICAL FITNESS (Semester)
GRADES: 10-12

COURSE #: HS1220
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out class is intended to help develop and maintain strength and endurance. Individuals who plan to participate in athletics should sign up for this class during a semester when they are not involved in an interscholastic sport. Activities will include weight training, running, physical fitness testing and games of endurance. Many activities in this course require strenuous physical abilities and skills.

PHYSICAL FITNESS (Year)
GRADES: 10-12

COURSE #: HS1222
CREDITS: 1 Unit

TYPE OF CREDIT: Physical Education

See previous course description.

FITNESS AND WELLNESS
GRADES: 11-12

COURSE #: HS1224
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: In this dress out class, students will participate in various low-impact resistance exercises designed to tone, stretch, strengthen, and sculpt the muscles to improve overall body composition and fitness. Emphasis will be placed on exercises that work specific muscle groups. Weekly lectures will include current information on practicing and maintaining good nutrition, emotional wellness, and healthy lifestyles.

BEGINNING SWIMMING
GRADES: 10-12

COURSE #: HS1230
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out course will concentrate on basic skills for swimming the crawl and back crawl strokes. There will be basic safety skills, as well as beginning survival skills. Also included will be free time and some basic water games. Student need not be able to swim to enroll in this class.

INTERMEDIATE SWIMMING
GRADES: 10-12

COURSE #: HS1232
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Prerequisite: Student must have the ability to swim 50 yards freestyle and/or backstroke.

Course Description: This dress-out course continues building swimming skills. It will focus on several strokes as well as more advanced safety and survival skills. There will be free time and games for the intermediate swimmer.

ADVANCED SWIMMING
GRADES: 11-12

COURSE #: HS1234
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Prerequisite: Student must have the ability to swim 500 yards and do 4 of the 6 swimming strokes.

Course Description: This class will follow the Red Cross outline of skills for the advanced swimming class. It will also introduce swimming for conditioning. This class will focus on performing all the Red Cross strokes, as well as using them for aerobic conditioning. Some work will also be done on diving.

RED CROSS LIFE GUARDING (BSHS only) (1st Sem only)
GRADES: 11-12

COURSE #: BS1237
CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Prerequisite: Advanced Swimming or test out the first day of class

Recommendation: The student must be a competent swimmer with the ability to swim 500 yards continuously.

Course Description: This course will prepare the student for life guarding as a summer or part-time job. The student will learn to rescue drowning victims in any situation. Student will learn to deal with

safety issues – to head and neck trauma. The students will also learn preventative life guarding skills that prevent accidents. The course costs between \$125 and \$200.

WATER SAFETY INSTRUCTOR (BSHS only) (2nd Sem only)

COURSE #: BS1238

GRADES: 11-12

CREDITS: ½ Unit

Prerequisite: Ability to swim 500 yards and pass Red Cross Life Guarding

TYPE OF CREDIT: Physical Education

Course Description: This course will qualify you to teach swimming lessons for the Red Cross. Over 90% of all swimming pools nationally use this program. Upon conclusion you will have all the materials and skills to plan and teach swimming lessons all the way from infants to advanced levels.

WATER AEROBICS

COURSE#: HS1236

GRADES: 10-12

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: Water Aerobics counts as ½ of required P.E. credit. This course will focus on using water resistance activities to improve the student's over all fitness including flexibility, body composition, cardiovascular endurance, toning, and muscular strength.

RECREATIONAL SPORTS (Coed)

COURSE #: HS1242

GRADES: 11-12

CREDITS: ½ Unit

TYPE OF CREDIT: Elective

Course Description: Units that will be covered in this elective course are golf, volleyball, badminton, table tennis, softball, or tennis. Included in this course will be instruction in the basic skills necessary to participate in and keep score for these activities.

AEROBICS AND WEIGHTLIFTING (Coed)

COURSE #: HS1244

GRADES: 10-12

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out class will entail two days of aerobic exercising and two days of weightlifting. Students will participate in a variety of aerobic activities. Weightlifting will entail techniques of lifting and ways to tone the body. One day of lecture a week will include concepts of the cardio-vascular system, fitness terminology, knowledge of muscle groups and nutrition for teenagers.

AEROBICS PLUS (Coed)

COURSE #: HS1248

GRADES: 10-12

CREDITS: ½ Unit

TYPE OF CREDIT: Physical Education

Course Description: This dress-out class will consist of 2 to 3 sessions of aerobics per week to enhance cardiovascular fitness. There will be 1 to 2 sessions per week of strengthening and toning class using various apparatus such as exercise bands. These sessions will exercise and develop specific muscle groups.

SOCIAL DANCE

COURSE #: HS1250

GRADES: 11-12

CREDITS: ½ Unit

TYPE OF CREDIT: Elective

Course Description: Coed enrollment is necessary. This is a school dress participation class consisting of dancing routines to the waltz, samba, tango, jitter-bug, country, and other social dances.

OUTDOOR EDUCATION

COURSE #: HS1252

GRADES: 11-12

CREDITS: ½ Unit

TYPE OF CREDIT: Elective

Course Description: Outdoor Education is a one-semester course for physical education elective credit that includes lifelong skills in several outdoor recreational activities. The course of study will include fishing, orienteering, camping and safety, outdoor cooking, laws for operating boats, hiking and camping, backpacking, and hunter education. This interdisciplinary course will connect outdoor

education with science and geography by the identification of fish and plants and by learning mapping skills through orienteering.

ADVANCED TEAM SPORTS**GRADES: 11-12****COURSE #: HS1258****CREDITS: ½ Unit****TYPE OF CREDIT: Physical Education**

Course Description: In this dress-out course, students will learn basic skills, rules, teamwork and strategies in the following team sports: flag football, volleyball, basketball, softball, and related team sports.

AEROSPACE SCIENCE GENERAL INFORMATION (Air Force Junior ROTC)

Program Description: The four year Aerospace Science curriculum is designed to help today's high school ROTC student become tomorrow's aerospace-age citizen. The curriculum integrates social sciences and physical sciences through their application to aerospace. The following comments and requirements are listed with each course. **Students are provided a uniform free of charge and are required to wear the uniform one day each week and meet Air Force grooming standards.** A uniform cleaning fee may be assessed if the uniform is not turned in clean and pressed at the end of the year. Books and materials are provided by the Air Force. Instructors will be retired Air Force personnel who are certified in ROTC instruction. Guest speakers and field trips will be included as part of the curriculum. Students do not have any future military commitment, but ROTC scholarship opportunities are available to top-performing students, enrolling in the program for two or more years. Nominations for appointment to the US Air Force Academy are also available for superior students. Advanced enlistment grade credit is available to students completing two or more years of the program.

A JOURNEY INTO AEROSPACE HISTORY (Aerospace Science 100)
(BSHS only)
GRADES: 9-12
COURSE #: BS1550
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Course Description: This introductory aviation history course focuses on the development of flight throughout the centuries. It starts with ancient civilizations, then progresses through time to the present day. The emphasis is on civilian and military contributions to aviation; the development, modernization, and transformation of the Air Force; and a brief astronomical and space exploration history. It is interspersed with concise overview of the principles of flight to include basic aeronautics, aircraft motion and control. Leadership training introduces cadets to the Air Force Junior Reserve Officer Training Corps (AFJROTC), including the Air Force organizational structure, uniform wear, customs, courtesies, and other military traditions, health and wellness, fitness, individual self-control, and citizenship.

A JOURNEY INTO AEROSPACE HISTORY (Aerospace Science 100)
(BSSHS only)
GRADES: 9-12
See previous course description.
COURSE #: BSS1551
CREDITS: 1 Unit
TYPE OF CREDIT: Elective
THE SCIENCE OF FLIGHT (Aerospace Science 210)
GRADES: 10-12
Prerequisite: Aerospace 100

(or sophomore status) and approval of the Senior Aerospace Science instructor

COURSE #: HS1552
CREDITS: 1 Unit
TYPE OF CREDIT: Elective/3rd Science

Course Description: Students will gain an in-depth understanding of meteorology and its effects on the aerospace environment. The aerospace environment will be studied with an emphasis on its effects on humans and the requirements for human flight. The basic aerodynamic principles of flight will be explained as well as their effect on powered flight within the earth's atmosphere. Students will learn the principles of air navigation and the various systems used to navigate aircraft worldwide. Building on the leadership and management techniques taught in Aerospace 100, the student will learn and practice effective communication skills, understanding both individual and group behavior, and basic leadership concepts. This course is a prerequisite for AS 500 Aviation Ground School (**This may be counted for the 3rd year Science requirement**).

DRILL AND CEREMONIES (AEROSPACE 150)
GRADES: 10-12
Prerequisite: Aerospace Science 100 or instructor's

approval and concurrent enrollment in another Aerospace class

COURSE #: HS1560
CREDITS: 1 Unit
TYPE OF CREDIT: Elective

Course Description: The Drill and Ceremonies course provides fundamental and in-depth instruction in Air Force drill and ceremonies. The fundamentals of Drill and Ceremonies, to include cadet ability to perform the AFJROTC 30-step drill sequence at the appropriate level commensurate with their

enrollment experience. The Drill and Ceremonies course concentrates on the elements of military drill, and describes individual and group precision movements, procedures for saluting, drill ceremonies, reviews, parades, and development of command voice. Students are provided detailed instruction on ceremonial performances and protocol for civilian and military events and have the opportunity to learn Air Force drill concepts and procedures.

THE EXPLORATION OF SPACE (AEROSPACE 300)

COURSE #: HS1554

GRADES: 11-12

CREDITS: 1 Unit

Prerequisite: Aerospace 210

TYPE OF CREDIT: Elective/Personal Finance

approval of the Senior Aerospace Science instructor

Course Description: Students will learn about the space environment to include a basic understanding of astronomy as it relates to the Earth, Moon, the solar system, terrestrial and outer planets and their effect on unmanned and manned space flight. Students will learn about both manned and unmanned space programs, with an emphasis on the U.S. manned space program. The applications and use of space technology will be taught along with their spin-off technology in the world today. Students are given information on how to select a college or vocational school. They are also provided information to begin the job search, to include resume writing and interviewing techniques. Additionally, students are introduced to the world of financial planning, how to spend money, save, invest and use credit wisely. Contracts, leases, wills, warranties, legal notices and personal bills are also reviewed.

Note: This will count as Personal Finance credit.

FAA PRIVATE PILOT GROUND SCHOOL
(AEROSPACE SCIENCE 500) (AVIA 1310)**

COURSE #: HS1556

GRADE: 12

CREDITS: 1 Unit

Prerequisite: Aerospace 210 & 300 or 300 & 500

TYPE OF CREDIT: Elective

concurrently, approval of the Senior Aerospace instructor/UCM guidelines

Course Description: This course satisfies the Federal Aviation Regulation (FAR) 61.105 for ground training required to take the aeronautical knowledge test. Course content includes use of applicable FARs, Aeronautical Information Manual, FAA advisory circulars. Students will learn the principles of aerodynamics, power plants, aircraft systems, radio communications, navigation, weather reports and weight and balance computations. Leadership skills acquired in previous courses will be used to manage cadet corps activities. To receive college credit, students must meet the guidelines established by UCM.

MANAGEMENT OF THE CADET CORPS (AEROSPACE SCIENCE 400)

COURSE #: HS1558

GRADE: 12

CREDITS: 1 Unit

Prerequisite: Aerospace Science 210, 300, and

TYPE OF CREDIT: Elective

the approval of the Senior Aerospace Science instructor

Course Description: This course applies the theories and techniques learned in previous aerospace science classes to the actual management of the cadet corps. This hands-on experience affords the cadets the opportunity to control the planning, organizing, coordinating, directing, and decision making of all cadet functions. Students will practice their communication, decision making, personal interaction, managerial, and organizational skills. To prepare the student for life after high school graduation, students will study the importance of higher/continuing education, how to conduct a job search, how to enter the military as an officer, and the types of careers available in the aerospace industry or government.

**** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

SCIENCE

PHYSICAL SCIENCE**GRADE: 9****COURSE #: HS0408****CREDITS: 1 Unit****TYPE OF CREDIT: Science**

Course Description: This course emphasizes the fundamental concepts of both chemistry and physics. Areas of study and activities will include laboratory skills and problem solving, scientific measurement, basic atomic theory, periodic table relationships, chemical reactions, forces, motion and waves. A general knowledge of mathematics is required throughout the course.

ACCELERATED PHYSICAL & BIOLOGICAL SCIENCE**GRADE: 9****COURSE #: HS0412****CREDITS: ½ Unit Physical Science, ½ Unit Biological Science****TYPE OF CREDIT: Science****Recommendation:** Grade of A in Algebra and 8th Grade Science.

Course Description: This is an accelerated course covering topics typically taught in Physical Science and Biology I classes. A strong background in algebra is needed for this lab-driven class. Significant out-of-class preparation is required. Students need to take one additional year-long class in physical science (Chemistry, Physics) **and** one additional year-long class in a biological science (i.e. Pre-AP Biology) to meet graduation requirements. Students completing this class should plan on enrolling in Pre-AP Biology and Pre-AP Chemistry or Chemistry as a sophomore.

BIOLOGY I**GRADE: 10****COURSE #: HS0416****CREDITS: 1 Unit****TYPE OF CREDIT: Science**

Course Description: The principles of Biology I provide the foundation for students to make good decisions related to health, occupation, and future education. Topics covered will range from cell study to complex interactions with a focus on genetics, biodiversity, ecology, biochemistry, energy interactions, and small mammal dissection. Assessments will be in the form of lab reports, interpretation and development of graphs, oral presentations, written tests, problem-solving, and written responses.

PRE-AP BIOLOGY**GRADES: 10-11****COURSE #: HS0425****CREDITS: 1 Unit****TYPE OF CREDIT: Science****Prerequisite:** Algebra I, Physical Science or Accelerated Physical & Biological Science**Recommendation:** Grade of B or above in prerequisite courses, and concurrent enrollment in Chemistry or Pre-AP Chemistry.

Course Description: This course is for students who plan to take an AP Biology course. This rapidly paced class will provide exposure to all topics covered in Biology I, with increased depth and breadth of coverage, including participation in some parts of the AP required labs. Topics will include introductory organic chemistry, cell biology, energetics, genetics, ecology, and some anatomy through dissection of a small mammal. One honor point may be earned for successfully completing this full year course at the end of the year.

AP BIOLOGY****GRADES: 11-12****COURSE #: HS0426****CREDITS: 1 Unit****TYPE OF CREDIT: Science****Prerequisite:** Biology I or Pre AP Biology**Recommendation:** Grade of B or above in prerequisite courses, Algebra II, Chemistry, or Pre-AP Chemistry and Pre-AP Biology.

Course Description: This is a college level course in general biology for students who desire a second year of biology. The student can receive college credit by achieving an acceptable score on the AP exam administered in May. This course will be divided into three broad areas of study: the molecular and cellular, the organism, and the population. This class will be laboratory-orientated and students will

be expected to devote some time outside the normal class period to work on their laboratory exercises. An additional honor point may be earned for each semester passed of this course. All students are expected to take the AP examination and pay the examination fee.

ANATOMY AND PHYSIOLOGY

GRADES: 11-12

Prerequisite: Biology I or Pre-AP Biology

Recommendation: Grade of B or above in prerequisite courses

Course Description: Students interested in health related careers should consider taking Anatomy and Physiology, which focuses on the structure and function of the human body. The course will include the study of human tissues and progress to the study of organ systems. Students will have the opportunity for many hands-on experiences including laboratory experimentation, microscopy, and observations. The course will include dissection of a small mammal.

COURSE #: HS0455

CREDITS: 1 Unit

TYPE OF CREDIT: Science

MICROBIOLOGY

GRADES: 11-12

Prerequisite: Biology I or Pre-AP Biology

Course Description: The Microbiology course is designed as a laboratory based course to challenge students with activities, experiments, critical-thinking, and problem solving. The focus of the course will primarily be on bacterial organisms and viruses with applications for medical microbiology and food handling procedures. Assessments will be in the form of lab reports, accurate application of laboratory techniques, oral presentations, written tests, problem solving, current literature reviews, and written responses.

COURSE #: HS0454

CREDITS: ½ Unit

TYPE OF CREDIT: Science

CHEMISTRY I

GRADES: 10-12

Prerequisite: Geometry or concurrently enrolled in Geometry

Recommendation: Grade of B or above in prerequisite course

Course Description: This course deals with the substances making up our environment and the changes these substances undergo. The principles of Chemistry are studied in a logical way with laboratory work helping to reveal these principles. The content of the course includes the following: atomic structure, solids, liquids, gases, the periodic table, chemical reactions, molecular structure, equilibrium, and acids and bases.

COURSE #: HS0434

CREDITS: 1 Unit

TYPE OF CREDIT: Science

CHEMISTRY II

GRADES: 11-12

Prerequisite: Chemistry I or Pre-AP Chemistry

Recommendation: Grade of A in prerequisite course and B or above in Algebra II

Course Description: This course is for students who want to take a second year of high school Chemistry but who are not interested in the rigorous and fast paced curriculum of the Chemistry AP class. This class is for students who enjoyed Chemistry I and may need a solid Chemistry background for their college major or for their career. Topics to be explored include: stoichiometry, chemical reactions, gas laws, thermo chemistry, atomic structure, equilibrium, kinetics, electrochemistry and organic chemistry.

COURSE #: HS0435

CREDITS: 1 Unit

TYPE OF CREDIT: Science

PRE-AP CHEMISTRY

GRADES: 10-12

Prerequisite: Geometry

Recommendation: Grade of B or above in prerequisite course

Course Description: This course is for students who plan to take chemistry AP for their second year of high school chemistry. This rapidly paced class will provide exposure to all topics covered in Chemistry AP. Examples of topics covered include chemical nomenclature, chemical reactions, stoichiometry, gasses, solutions, bonding, thermo chemistry, equilibrium, kinetics and electrochemistry. One honor point may be earned for the successful completion of this full-year course at the end of the year.

COURSE #: HS0436

CREDITS: 1 Unit

TYPE OF CREDIT: Science

AP CHEMISTRY****GRADES: 11-12****Prerequisite:** Chemistry or Pre-AP Chemistry**Recommendation:** Grade of A in prerequisite course and B or above in Algebra II

Course Description: This is a college level course in general chemistry for students who desire a second year of chemistry. Examples of topical areas discussed and experimented with are chemical reactions, redox equations, stoichiometry, thermo chemistry, equilibriums, kinetics and electrochemistry. This course is designed to prepare a student for the AP exam in chemistry in May. An additional honor point may be earned for each semester passed of this course. All students are expected to take the AP exam and pay the examination fee.

COURSE #: HS0438**CREDITS: 1 Unit****TYPE OF CREDIT: Science****GEOLOGY****GRADES: 10-12****Prerequisite:** Physical Science or Accelerated Phy/Bio Science and Biology or concurrent enrollment in Biology**Recommendation:** Grade of B or above in prerequisite course

Course Description: This course is designed to explore the different components that make up planet Earth. The course will concentrate on Earth's matter, rocks, plate tectonics, and the continuous changes that occur.

COURSE #: HS0440**CREDITS: ½ Unit****TYPE OF CREDIT: Science****ASTRONOMY AND METEOROLOGY****GRADES: 10-12****Prerequisite:** Physical Science or Accelerated Phy/Bio Science and Biology or concurrent enrollment in Biology

Course Description: This course is designed to explore atmospheric conditions on Earth and explore the solar system, stars, and galaxies. The main topics covered are weather, climate, the moon, the solar system, stars, and galaxies.

COURSE #: HS0439**CREDITS: ½ Unit****TYPE OF CREDIT: Science****ENVIRONMENTAL SCIENCE****GRADES: 11-12****Prerequisite:** Biology I

Course Description: This course is designed to emphasize topics including the structure of ecosystems, including food webs, biomes, nature of science, and environmental problems facing the world.

COURSE #: HS0444**CREDITS: ½ Unit****TYPE OF CREDIT: Science****ADVANCED ENVIRONMENTAL SCIENCE****GRADES: 11-12****Prerequisite:** Environmental Science I

Course Description: This course is designed for students who wish to further study Environmental Science. This course will emphasize topics including ecosystems, consequences of human population, pollution, natural resources, species biodiversity, nuclear power, and environmental issues facing the world.

COURSE #: HS0446**CREDITS: ½ Unit****TYPE OF CREDIT: Science****CSI-CONDUCTING SCIENCE INVESTIGATIONS****GRADES: 11-12****Prerequisites:** Physical Science and Biology I

Course Description: This is a laboratory-based course in which students explore the topics in biology and chemistry, but in deeper understanding through inquiry and active investigations. Students will be immersed into relevant topics through hands-on activities. Working in a laboratory environment, students investigate the basics of cells, biotechnology, chemistry, medical science and forensics science.

COURSE #: HS0445**CREDITS: 1 Unit****TYPE OF CREDIT: Science**

AP ENVIRONMENTAL SCIENCE****GRADES: 11-12****Prerequisites:** "Biology I or Pre-AP Biology**Recommendation:** Grade of B or above in prerequisite course, and a B in Algebra I

Course Description: This is a college-level course in Environmental Science. Topics covered will include the flow of materials and energy in the biosphere, renewability of resources, environmental quality and the impact of human beings on the environment. This course is designed to prepare the student to take the AP Environmental Science Exam in May. An additional honor point may be earned for each semester passed of this course. All students are expected to take the AP exam and pay the examination fee.

COURSE #: HS0447**CREDITS: 1 Unit****TYPE OF CREDIT: Science****PHYSICS****GRADES: 10-12****Prerequisites:** Algebra and Geometry**Recommendation:** Grade of B or above in prerequisite course

Course Description: This course presents the topics of physics and how they will explain the nature of the world that we live in. The main areas of study include motion, energy, electricity and magnetism, sound, light, and optics.

COURSE #: HS0450**CREDITS: 1 Unit****TYPE OF CREDIT: Science****AP PHYSICS******GRADES: 11-12****Recommendation:** Grade of B or above in Algebra II and/or Physics

Course Description: This course is equivalent of a first level course in college Physics. Topics covered will be in the areas of mechanics, heat and thermodynamics, wave and particle light theory, and atomic and nuclear physics. This course is designed to prepare a student for the AP exam in physics in May. An additional honor point may be earned for each semester passed of this course. All students are expected to take the AP exam and pay the examination fee.

COURSE #: HS0452**CREDITS: 1 Unit****TYPE OF CREDIT: Science**

**** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

SOCIAL STUDIES

GEOGRAPHY
GRADE: 9
COURSE#: HS0285
CREDITS: ½ Unit
TYPE OF CREDIT: Social Studies

Course Description: This course is designed to examine the different regions of the world. Study will include physical features of the earth, significant historical events, cultural diversity and current events as applicable. Students will develop skills in research, writing and critical thinking. Primary and secondary documents will be used to research and report findings.

AMERICAN GOVERNMENT
GRADE: 9
COURSE #: HS0280
CREDITS: ½ Unit
TYPE OF CREDIT: Social Studies

Course Description: This course is designed to study our government with a focus on the U.S. constitution, the different branches, the electoral process, flag etiquette, as well as state and local government. Students will take the U.S. Constitution test and the Missouri Constitution test. Passage of both tests is required to earn credit, meet graduation requirements, and to fulfill state law.

AMERICAN GOVERNMENT & POLITICAL ANALYSIS
GRADE: 9
COURSE #: HS0289
CREDITS: ½ Unit
TYPE OF CREDIT: Social Studies

Recommendation: A grade of A in 8th grade English & Social Studies

Course Description: This course focuses on the U.S. Constitution, the three branches, the electoral process, flag etiquette, and relationships between branches of state and local government. Students will identify and explain how basic principles and ideas of our government have changed over time and have been interpreted differently by different branches. Students will learn the necessary skills to present reasons and evidence clearly and persuasively and interpret quotes, graphs, and political cartoons in essay format. Students will take the U.S. Constitution test and the Missouri Constitution test. Passage of both tests is required to earn credit, meet graduation requirements, and to fulfill state law. This course will help prepare students for AP Government.

WORLD HISTORY
GRADE: 10
COURSE #: HS0236
CREDITS: 1 Unit
TYPE OF CREDIT: Social Studies

Course Description: This is a survey of world history from ancient Greece and Rome to modern day conflicts. The focus will be post-1450 and events in world history. Major trends, cultural diversity, institutions, and ideas will be integrated throughout the course of study. Students will continue using primary and secondary historical documents to help interpret the past and better understand contemporary issues. Students will continue to develop their social studies skills of research, writing, and critical thinking.

AP EUROPEAN HISTORY**
GRADES: 10-12
COURSE #: HS0238
CREDITS: 1 Unit
TYPE OF CREDIT: Social Studies

Recommendation: Recommendation from the most recent history teacher

Course Description: This course is designed to examine trends, cultural diversity, institutions and ideas in European history from a study of the Renaissance through the Cold War and modern-day conflicts. Students will have a required summer reading assignment, be expected to read 30-50 pages of material per week, and should plan to spend a minimum of 2 hours per week outside of class on this course. All course materials are written using a college-level vocabulary. Students will develop the skills necessary to arrive at conclusions on the basis of informed judgment and to present reasons and evidence clearly and persuasively in essay format. Students will prepare for and take the Advanced Placement Exam in May. An additional honor point will be awarded for each semester passed in this course. This course fulfills the 10th grade World History requirement. All students are expected to take the AP exam and pay the examination fee.

UNITED STATES HISTORY
GRADE: 11

COURSE #: HS0205
CREDITS: 1 Unit

TYPE OF CREDIT: Social Studies

Course Description: This is a survey of United States history from Manifest Destiny to contemporary events with an emphasis on post-Reconstruction events. Its goals are to instill an appreciation of the U.S. democracy, an understanding of the U.S. constitutional, political, economic, and social developments, and an increased knowledge of U.S. geography. Students will further develop skills in critical thinking, research, and writing skills. Primary and secondary documents will be used to research and report findings.

AP AMERICAN GOVERNMENT**
GRADES: 10-12

COURSE #: HS0281
CREDITS: ½ Unit

Recommendation: Recommendation from the most recent history teacher

TYPE OF CREDIT: Social Studies

Course Description: Study will concentrate on the branches of the government. Emphasis in each unit will be placed on the constitutional elements of each branch, a comparison of the national and state institutions, and the law and its specific relationship to the student's daily life. Students will have a required summer reading assignment, be expected to read 30-50 pages of material per week, and should plan to spend a minimum of 2 hours per week outside of class on this course. All course materials are written using a college-level vocabulary. Students will learn the necessary skills to present reasons and evidence clearly and persuasively in essay format. Students will prepare for and take the Advanced Placement Exam in May. An additional weighted/honor point may be earned for this course. All students are expected to take the AP exam and pay the examination fee.

AP UNITED STATES HISTORY**
GRADES: 11-12

COURSE #: HS0266
CREDITS: 1 Unit

Recommendation: Recommendation from the most recent history teacher

TYPE OF CREDIT: Social Studies

Course Description: This is a survey of United States history from exploration to contemporary events. Its goals are to instill an appreciation of U.S. democracy, an understanding of the U.S. constitutional, political, economic, and social developments. Students will have a required summer reading assignment, be expected to read 30-50 pages of material per week, and should plan to spend a minimum of 2 hours per week outside of class on this course. All course materials are written using a college-level vocabulary. Students will learn the skills necessary to arrive at conclusions on the basis of informed judgment and to present reasons and evidence clearly and persuasively in essay format. Students will prepare for and take the Advanced Placement Exam in May. An additional weighted/honor point may be earned for each semester passed of this course. Students who successfully complete this course can fulfill the 11th grade U.S. History graduation requirement. Students enrolling in U.S. History AP are not eligible to enroll in American History 101/102 (college credit) for additional high school credit. All students are expected to take the AP exam and pay the examination fee.

AMERICAN HISTORY 101**
GRADES: 11-12

COURSE #: HS0286
CREDITS: ½ Unit

Prerequisites: UMKC requirements, 3.0 G.P.A. and/or appropriate score on ACT or PLAN

TYPE OF CREDIT: Social Studies

Dual/Articulated Credit: 3 semester hours for students meeting UMKC requirements

Course Description: This is a chronological review of American history (Exploration through Reconstruction). All course materials are written using a college-level vocabulary. An additional weighted/honor point may be earned if this course is successfully completed. The UMKC fee is required to earn the dual credit. Students will be billed directly by UMKC. Students who withdraw after the first five days will still be billed by UMKC and will have to pay some portion of tuition fees to UMKC. Students who successfully complete both American History 101 and American History 102 (2 semesters) can fulfill the U.S. History graduation requirements. Students enrolled in American History 101/102 (College Credit) are not eligible to enroll in U.S. History AP for additional high school credit.

AMERICAN HISTORY 102****GRADES: 11-12****Prerequisites:** UMKC requirements, 3.0 G.P.A. and/or appropriate score on ACT or PLAN**Dual/Articulated Credit:** 3 semester hours for students meeting UMKC requirements

Course Description: This is a chronological review of American history (Gilded Age through the 1970s). All course materials are written using a college-level vocabulary. An additional weighted/honor point may be earned if this course is successfully completed. The UMKC fee is required to earn the dual credit. Students will be billed directly by UMKC. Students who withdraw after the first five days will still be billed by UMKC and will have to pay some portion of tuition fees to UMKC. Students who successfully complete both American History 101 and American History 102 (2 semesters) can fulfill the U.S. History graduation requirements. Students enrolling in American History 101/102 (college credit) are not eligible to enroll in U.S. History for additional high school credit.

COURSE #: HS0287**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies****CIVIL WAR****GRADES: 10-12**

Course Description: Civil War covers the Antebellum south focusing on the causes of the Civil War. This information will be followed by a general survey of the Civil War. This course concludes with the Reconstruction Period that followed the Civil War.

COURSE #: HS0251**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies****WORLD WAR II****GRADES: 11-12****Prerequisite:** World History

Course Description: This course covers one of the most important events of the 20th Century World War II. Topics included in this study are the causes, leaders, Holocaust, home front, weapons, propaganda, battles, and consequences of the war.

COURSE #: HS0252**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies****WORLD RELIGIONS****GRADES: 11-12**

Course Description: World Religions is a social studies elective that discusses the historical background and development, major tenets, founders and leaders, significant holidays, and holy writings of the world's five major religions. The course also explores the development of religious concepts among earlier peoples including tribal faiths, mythologies or folk religions, and the philosophies of Confucianism and Taoism.

COURSE #: HS0258**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies****SOCIOLOGY I****GRADES: 11-12**

Course Description: This course is a study of human relationships. It includes units on culture, socialization, social organization, social institutions, and social problems. Students taking this course will be expected to participate in in-class activities and group projects.

COURSE #: HS0263**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies****SOCIOLOGY II****GRADES: 11-12****Prerequisite:** Sociology I

Course Description: This class takes an in-depth look at the key components of society and how they make society effective. Students will examine the family, deviance, race, ethnicity, education, religion, science, sport, population, and the roles that they play in the City of Blue Springs and in relationship to other areas of the world. Students will be expected to participate in class discussion, complete research projects, and write a research paper.

COURSE #: HS0290**CREDITS: ½ Unit****TYPE OF CREDIT: Social Studies**

ECONOMICS
GRADES: 11-12

COURSE #: HS0271
CREDITS: ½ Unit

TYPE OF CREDIT: Social Studies

Course Description: This course examines both micro and macroeconomic concepts. Units will include economic choices, the stock market, labor and management, money and banking, and role of the consumer. The course is designed for the college-bound student.

CONTEMPORARY ISSUES
GRADES: 10-12

COURSE #: HS0275
CREDITS: ½ Unit

TYPE OF CREDIT: Social Studies

Course Description: This course is a study of many issues that confront us every day. The history behind many issues will be included and will lead to a better understanding of the issues as they present themselves today. Students taking this course will be expected to participate in class activities, group projects and presentations.

PSYCHOLOGY
GRADE: 12

COURSE #: HS0283
CREDITS: ½ Unit

TYPE OF CREDIT: Social Studies

Course Description: This course covers various parts of the study of human behavior including the process of learning, classical conditioning, memory, perception, optical illusions, ESP, personality and many other topics. This course is primarily a lecture/discussion course.

GLOBAL ISSUES
GRADES: 11-12

COURSE #: HS0288
CREDITS: ½ Unit

TYPE OF CREDIT: Social Studies

Course Description: This course examines issues, both current and historical, as they relate to the human rights of people both in the United States and around the world. Topics will include but not limited to the civil rights movement in the United States, the Holocaust and modern day genocides in such places as Rwanda, Cambodia, and the Sudan. Students taking this course should plan to do independent research and participate in class discussions.

MINORITIES IN AMERICAN HISTORY
GRADES: 11-12

COURSE #: HS0291
CREDITS: ½ Unit

TYPE OF CREDIT: Social Studies

Course Description: Through this course, students will examine the contributions of minorities to American history. Students will learn about the influence of Native Americans, African Americans, Hispanic Americans, Asian Americans, women, and other groups on American society. Topics will include the early struggles of immigrant groups to adapt to America, key minority leaders and historical figures, and how the major events in U.S. history (such as The Great Depression and the major wars) impacted minority groups in America. Through independent research and class discussion, students will receive a greater appreciation of our nation's diversity.

**** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

SPEECH/DEBATE/DRAMA

COMMUNICATIONS I
GRADES: 11-12
COURSE #: HS0502
CREDITS: ½ Unit
TYPE OF CREDIT: Speech/Elective

Course Description: This semester course is designed to help students improve their communication skills through various types of activities. Activities include introductions to self-awareness, opportunities to prepare, present and evaluate speeches, exercises in articulation, group decision making activities, and analytical thinking. **Fulfills the ½ unit of Speech requirement for graduation.**

DEBATE I (BSHS only)
GRADES: 9-12
COURSE #: BS0508
CREDITS: 1 Unit
Recommendation: A GPA of 2.0
 or better is recommended

TYPE OF CREDIT: Speech/Elective

Course Description: This course is for those students interested in learning to view both sides of an issue. Students debate in class on the national debate topic. Experience is also provided in preparation and presentation of original oratorical and extemporaneous speaking. Students will help manage either the Blue Springs or Blue Springs South Tournament. **Weekend tournament participation is required. Fulfills the ½ unit of Speech requirement for graduation.**

DEBATE I (BSSH only)
GRADES: 9-12
COURSE #: BSS0509
CREDITS: 1 Unit
TYPE OF CREDIT: Speech/Elective
See previous course description.
DEBATE II
GRADES: 10-12
COURSE #: HS0510
CREDITS: 1 Unit
Prerequisite: Debate I & teacher approval

TYPE OF CREDIT: Speech/Elective

Course Description: This course is designed for those students who wish to continue a more in-depth study of argumentation, both in theory and practice. Besides debating, experience in extemporaneous speaking and original oratory will be provided. Students will help manage the Blue Springs or Blue Springs South Tournament. **Weekend tournament participation is required. May fulfill the ½ unit of Speech requirement for graduation.**

DEBATE III
GRADES: 11-12
COURSE #: HS0512
CREDITS: 1 Unit
Prerequisite: Debate II & teacher approval

TYPE OF CREDIT: Speech/Elective

Course Description: This course continues the development of critical thinking skills, research skills, and persuasive speaking skills as applied to the national high school debate topic. In addition, students are asked to focus on and refine the performance of one individual event. The students in this advanced class will be involved in some peer teaching/coaching as they work with beginning debaters. They will also have leadership roles in the management of the Blue Springs or Blue Springs South Speech Tournament. **Weekend tournament participation is required. May fulfill the ½ unit of Speech requirement for graduation.**

DEBATE IV – ARGUMENTATION AND DEBATE (Com 212)**
GRADE: 12
COURSE #: HS0514
CREDITS: 1 Unit
Prerequisite: Debate III & teacher approval

TYPE OF CREDIT: Speech/Elective
Dual/Articulated Credit: 3 semester hours for qualified students. Must meet UMKC requirements.

Course Description: Debate IV will expose students to models for evaluating reasoning, supporting materials, and organizational techniques. More emphasis will be placed on debate theory as students strive to improve their organizational techniques. Students will assume leadership roles in the management of the Blue Springs/Blue Springs South speech tournament. **Weekend tournament**

participation is required. A UMKC fee is required if this course is taken for college credit. Two semesters of enrollment are required for college credit. **May fulfill the ½ unit of Speech requirement for graduation.**

FORENSICS I (1st Sem only) (BSHS only)
GRADES: 9-12

COURSE #: BS0516

CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art/Speech

Course Description: Forensics is a course in which students prepare for competition in such categories as duet acting, dramatic and humorous interpretation, poetry and prose reading, storytelling, and duo interpretation. **Weekend tournament participation is required.** Students in this course will also help with the Blue Springs or Blue Springs South Tournament. **May fulfill the ½ unit of Fine Arts credit or the Speech requirement for graduation.**

FORENSICS I (1st Sem only) (BSSH only)
GRADES: 9-12
 See previous course description.

COURSE #: BSS0517

CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art/Speech

FORENSICS II
GRADES: 10-12

COURSE #: HS0518

CREDITS: 1 Unit

Prerequisite: Forensics I & teacher recommendation

TYPE OF CREDIT: Fine Art/Speech

Course Description: This course is designed for those students who wish to continue a more in-depth analysis of interpretation of literature and rehearsal techniques. **Students are required to participate in weekend tournaments and to help run the Blue Springs or Blue Springs South Speech Tournament. May fulfill the ½ unit of Fine Arts credit or the Speech requirement for graduation.**

FORENSICS III
GRADES: 11-12

COURSE #: HS0519

CREDITS: 1 Unit

Prerequisite: Forensics II & teacher recommendation

TYPE OF CREDIT: Fine Art/Speech

Course Description: This course continues the development of the critical and independent analysis of interpretation and rehearsal techniques. Students will also increase their researching skills and acquire a better knowledge for the cutting and adapting of interpretive materials. In addition, reader's theatre and radio speaking will be covered. **Students will hold committee positions for the Blue Springs/Blue Springs South Speech Tournament. May fulfill the ½ unit of Fine Arts credit or the Speech requirement for graduation.**

FORENSICS IV**
GRADE: 12

COURSE #: HS0520

CREDITS: 1 Unit

Prerequisite: Forensics III & teacher recommendation

TYPE OF CREDIT: Fine Art/Speech

Dual/Articulated Credit: 3 semester hours (Dual credit is available for students who meet all MCC requirements. An MCC fee is required for the dual credit and must be paid during the first week of school.)

Course Description: College credit Forensics refines the critical and independent analysis of interpretation and rehearsal techniques. Learners will be exposed to peer coaching. **Students will assume leadership roles in the Blue Springs/Blue Springs South Speech Tournament. Weekend tournament participation is required.** A MCC dual credit fee is required if this course is taken for college credit. **May fulfill the ½ unit of Fine Arts credit or the Speech requirement for graduation.**

INTRODUCTION TO THEATRE
GRADES: 9-12

COURSE #: HS0522

CREDITS: ½ Unit

TYPE OF CREDIT: Fine Art/Speech

Course Description: This is a survey course for the students who wish to explore the fundamental elements of theatre. Units covered include basic acting skills, theatre history, and dramatic structure. **This may fulfill the ½ unit of Fine Arts credit or the Speech requirement for graduation.**

THEATRE STUDY**GRADES: 10-12****Prerequisite:** Introduction to Theatre & teacher recommendation**Course Description:** This course is designed for those students who wish to further develop their acting skills. Emphasis is placed on character development, play analysis and scene study. This mayfulfill ½ unit of the Fine Arts credit.**COURSE #: HS0530****CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****ADVANCED THEATRE STUDY****GRADES: 11-12****Prerequisite:** Theatre Study & teacher recommendation**Course Description:** This course is designed for those students who wish to pursue theatre in more depth. Participants will study audition techniques, acting styles and production principles. Students will apply learned skills in classroom performance. Out-of-class activities may be required. This may fulfill
½ unit of the Fine Arts credit.**COURSE #: HS0532****CREDITS: ½ Unit****TYPE OF CREDIT: Fine Art****STAGE DESIGN AND THEATRE TECHNOLOGY****GRADES: 10-12****Prerequisite:** Introduction to Theatre & teacher recommendation**Course Description:** Students interested in the technical aspects of theatre production will study scene design and construction, scene painting, lighting, costumes, properties, special effects, and make-up. This is an elective credit.**COURSE #: HS0536****CREDITS: ½ Unit****TYPE OF CREDIT: Elective****INTRODUCTION TO DIRECTING****GRADE: 12****Prerequisite:** Advanced Theatre Study & teacher recommendation**Course Description:** This class is for seniors who desire to develop directing skills. Participants will study various directing techniques, prepare scenes and direct one-act plays. This is an elective credit.**COURSE #: HS0538****CREDITS: 1 Unit****TYPE OF CREDIT: Elective****** Students enrolling in dual credit and/or AP classes need to check with the college/university they are planning on attending regarding transferability and acceptable grades.**

SUPPORTIVE SERVICES

Supportive Services courses are provided for students that have an IEP (Individual Education Program) to advance appropriately toward attaining their annual IEP goals and earn credits toward graduation. Course content for these specialized classes are varied due to individualized goals.

OTHER NON-DEPARTMENTAL ELECTIVES

ACT PREP CLASS**GRADES: 10-12****Prerequisite:** Geometry or Tech Geometry

Course Description: This course prepares students for all four portions of the ACT test – Math, Science, English, and Reading. Students should plan to take the ACT Exam at least one time during the semester. **Test fees will be paid by the students.**

COURSE #: HS1555**CREDITS: ½ Unit****TYPE OF CREDIT: Elective****CADET EXPLORATORY TEACHING****GRADE: 12**

Course Description: The purpose of this class is to give those high school students interested in becoming teachers, pre-vocational information and experience. The program consists of five weeks of “readiness” activities in a classroom situation with the regular instructor, ten weeks of field work with a cooperating teacher, and two weeks classroom debriefing in the classroom. Students may select placement at either the elementary or secondary level. The class is offered the last hour of the day. A sixth hour study hall is needed for students wishing to be placed at the secondary level. It is recommended that students wishing to be placed at the elementary level be able to give one hour beyond the regular senior high day. Each person must furnish his/her own transportation.

NOTE: First semester at Blue Springs South High School only. Second semester at Blue Springs High School only.

COURSE #: HS1517**CREDITS: ½ Unit****TYPE OF CREDIT: Elective****PEER ASSISTANTS (BSHS only)****GRADE: 12**

Course Description: This course allows students to assist with special needs students for credit.

COURSE #: BS1518**CREDITS: ½ Unit****TYPE OF CREDIT: Elective****LEADERSHIP****GRADES: 11-12****Prerequisite:** Member of Senate

Course Description: This class is designed to develop leadership skills for those who have been elected to a position in the Student Senate. Areas of study will include writing constitutions, conducting a business meeting, organizing committees, identifying leadership skills in others, devising and leading student activities. The format will consist of academic and workshop activities.

COURSE#: HS1514**CREDITS: 1 Unit****TYPE OF CREDIT: Elective****AMERICAN SIGN LANGUAGE (BSSHS Only)****GRADES: 10-12**

Course Description: Beginning American Sign Language (ASL) is a semester-long course designed to provide students with a fundamental vocabulary base, a basic understanding of ASL grammatical and syntactic structure, beginning conversational skills and a general knowledge of Deaf culture. No prior experience with sign language or the Deaf community is necessary. American Sign Language may be counted as an elective, Foreign Language, or 4th year English course at some colleges and universities.

COURSE#: BSS1524**CREDITS: ½ Unit****TYPE OF CREDIT: Elective**

CAREER FOCUS PROGRAMS

Agriculture

AGRICULTURE SCIENCE I (Freshman Center only)**GRADE: 9****COURSE #: FC6675****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: A course designed for instruction in animal science, plant science, career exploration, leadership and personal development, and supervised agricultural experience. Units may include agribusiness, natural resources, and food science. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience.

Supervised agricultural experience programs and FFA leadership activities are integral component of this course and provide many opportunities for practical application of instructional competencies.

AGRICULTURAL SCIENCE II**GRADES: 10-12****COURSE #: HS6676****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Recommendation: Ag Science I or teacher approval

Course Description: A course designed for instruction in plant and crop science, soils, entomology, horticulture, and forestry, and additional instruction in animal science, career development, leadership, and supervised agricultural experience. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience. Supervised agricultural experience programs and FFA leadership activities are integral component of this course and provide many opportunities for practical application of instructional competencies.

PRINCIPLES OF ANIMAL SCIENCE (1st Sem only)**GRADES: 11-12****COURSE #: HS6679****CREDITS: 1/2 Unit****TYPE OF CREDIT: Practical Art/Elective**

Prerequisite: Ag Science II or teacher approval

Course Description: Students will be introduced to: Principles of handling, housing, and management of animals. Basic dietary and sanitation requirements. Restrain and handling, administration of medications, bathing, skin scraping, and basic laboratory tests. This course places emphasis on animal physiology including cell, muscle, nervous, respiratory, and cardiovascular systems. Students will also learn the basic of anesthesia and general animal nursing. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience.

Supervised agriculture experience program and FFA leadership activities are integral components of this course and provide many opportunities for practical application of instructional competencies.

INTRODUCTION TO VETERINARY TECHNOLOGY**(2nd Sem only)****GRADES: 11-12****COURSE #: HS6680****CREDITS: 1/2 Unit****TYPE OF CREDIT: Practical Art/Elective**

Prerequisite: Ag Science II or teacher approval

Course Description: Students will be orientated to career opportunities available in veterinary technology. Students will be introduced to: Professional ethics, public relations, psychological adjustments of the student in terms of understanding the need for physical treatment and care of animals. Client relations, vaccination programs, regulatory organizations, receptionist duties, breeds and breed characteristics, neutering, puppy care, diets and hospital management. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience. Supervised agriculture experience programs and FFA leadership activities are integral components of this course and provide many opportunities for practical application of instructional competencies.

HORTICULTURE (1st Sem only)**GRADES: 11-12****Prerequisite:** Ag Science II or teacher approval**COURSE #: HS6681****CREDITS: 1/2 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: The students will be exposed to many areas of plant propagations, greenhouse management, vegetable and fruit growing. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience. Supervised agriculture experience programs and FFA leadership activities are integral components of this course and provide many opportunities for practical application of instructional competencies.

LANDSCAPING MAINTENANCE & DESIGN (2nd Sem only)**GRADES: 11-12****Prerequisite:** Ag Science II or teacher approval**COURSE #: HS6682****CREDITS: 1/2 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: Students gain a working knowledge of how plants grow and identification, installation, and maintenance of trees, shrubs, bedding plants, and ground covers. Each student will create 4 major landscaping designs suitable for their landscape portfolio, and will receive hands-on experience in selected landscaping projects. Work-based learning strategies appropriate for this course are agri-science projects, internships, and supervised agricultural experience. Supervised agriculture experience programs and FFA leadership activities are integral components of this course and provide many opportunities for practical application of instructional competencies.

Biomedical**PRINCIPLES OF BIOMEDICAL SCIENCES (PLTW)****GRADE: 9****COURSE #: HS6695****CREDIT: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: Students investigate the human body systems and various health conditions including heart disease, diabetes, sickle-cell disease, hypercholesterolemia and infectious diseases. They determine the factors that led to the death of a fictional person, and investigate lifestyle choices and medical treatments that might have prolonged the person's life. The activities and projects introduce students to human physiology, medicine, research processes and bioinformatics. Key biological concepts including homeostasis, metabolism, inheritance of traits and defense against disease are embedded in the curriculum. Engineering principles including the design process, feedback loops and relationship of structure to function are also incorporated. This course is designed to provide an overview of all the courses in the Biomedical Sciences Program and lay the scientific foundation for subsequent courses. Membership and participation in HOSA, a student organization promoting careers in the health sciences area, will be encouraged.

HUMAN BODY SYSTEMS (PLTW)**GRADE: 10****Prerequisite:** Principles of Biomedical Sciences**COURSE #: HS6696****CREDIT: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: Students examine the interactions of body systems as they explore identity, communication, power, movement, protection and homeostasis. Students design experiments, investigate the structures and functions of the human body, and use data acquisition software to monitor body functions such as muscle movement, reflex and voluntary action, and respiration. Exploring science in action, students build organs and tissues on a skeletal manikin, work through interesting real-world cases and often play the role of biomedical professionals to solve medical mysteries. Membership and participation in HOSA, a student organization promoting careers in the health sciences area, will be encouraged.

MEDICAL INTERVENTIONS (PLTW)**GRADE: 11****Prerequisite:** Human Body Systems**COURSE #: HS6697****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: Students investigate a variety of interventions involved in the prevention, diagnosis and treatment of disease as they follow the lives of a fictitious family. The course is a “how-to” manual for maintaining overall health and homeostasis in the body as students explore how to prevent and fight infection; how to screen and evaluate the code in human DNA; how to prevent, diagnose and treat cancer; and how to prevail when the organs of the body begin to fail. These scenarios expose students to the wide range of interventions related to immunology, surgery, genetics, pharmacology, medical devices and diagnostics. Each family case scenario introduces multiple types of interventions and reinforces concepts learned in the previous two courses, as well as presenting new content. Interventions may range from simple diagnostic tests to treatment of complex diseases and disorders. These interventions are showcased across generations of a family and provide a look at the past, present and future of the biomedical sciences. Lifestyle choices and preventive measures are emphasized throughout the course as are the important roles of scientific thinking and engineering design play in the development of interventions of the future. Membership and participation in HOSA, a student organization promoting careers in the health sciences area, will be encouraged.

BIOMEDICAL INNOVATION**GRADE: 12****Prerequisite:** Medical Interventions**COURSE #: HS6698****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: This capstone course provides students the opportunity to apply their knowledge and skills to answer questions or solve problems related to the biomedical sciences. Students design innovative solutions for the health challenges of the 21st century as they work through progressively challenging open-ended problems, addressing topics such as clinical medicine, physiology, biomedical engineering and public health. They have the opportunity to work on an independent project and may work with a mentor or advisor from a university, hospital, physician’s office, or industry. Membership and participation in HOSA, a student organization promoting careers in the health sciences area, will be encouraged.

Engineering

Project Lead the Way (PLTW) is a nationally recognized engineering curriculum being offered in the Blue Springs School District. Ask your guidance counselor for more information regarding Project Lead the Way or go to www.pltw.org.

INTRODUCTION TO ENGINEERING DESIGN (PLTW)**GRADE: 9****Recommendation:** Algebra I**COURSE #: HS6690****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: This course teaches problem-solving skills using a design development process. Models of product solutions are created, analyzed and communicated using solid modeling computer design software. This course utilizes the Project Lead The Way curriculum. Membership and participation in TSA, a student organization promoting technology, will be encouraged.

PRINCIPLES OF ENGINEERING (PLTW)**GRADES: 10-12****Recommendation:** Completion of Algebra 1**COURSE #: HS6691****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: This course helps students explore various technology systems and manufacturing processes. This course explores all fields of engineering. This will help students learn how technical professionals use math, science and technology in a problem solving process. This course utilizes the Project Lead The Way curriculum. Membership and participation in TSA, a student organization promoting technology, will be encouraged.

DIGITAL ELECTRONICS (PLTW)**GRADES: 11-12****Prerequisite:** Principles of Engineering or teacher permission**COURSE #: HS6693****CREDITS: 1 Unit****TYPE OF CREDIT: Practical Art/Elective**

Course Description: This is a course in applied logic that encompasses the application of electronic circuits and devices. Computer simulation software is used to design and test digital circuitry prior to the actual construction of circuits. This course uses the Project Lead the Way national curriculum. Membership and participation in TSA, a student organization promoting technology, will be encouraged.

Nail Tech

NAIL TECH (Located at Hall-McCarter Education Center)**GRADE: 12****COURSE #: HS6661 A.M.****COURSE #: HS6662 P.M.****CREDITS: 3 Units****Prerequisite:** Application process**TYPE OF CREDIT: Practical Art/Elective**

Course Description: This is a year-long program in which students will earn 3 elective or practical arts credit (1 ½ credits per semester). There will also be some evening and Saturdays required. The purpose of this program is to prepare students for an exciting career as a “nail technician”. The student will gain knowledge and experience with basic and spa manicures and pedicures. Plus, the student will learn artificial nail enhancements including acrylics, wraps, gels, and tip application. The student will also learn safety and sanitation, business marketing, and customer service skills. After completing this course, students will be able to take the State Board Exam and after passing, will be a licensed “nail technician”.

OFF-CAMPUS EDUCATIONAL OPPORTUNITIES

CTC – FORT OSAGE CAREER AND TECHNOLOGY CENTER

The high schools of Blue Springs, in cooperation with The Career and Technology Center at Fort Osage, offer to qualifying students the following vocational school-to-career programs.

THE CAREER AND TECHNOLOGY CENTER AT FORT OSAGE *More Than You Expect!*

What is Career-Technical Education all about?

Are you aware that over three-fourths ($\frac{3}{4}$) of all jobs in the twenty-first century will require specialized training? Did you know that of the top twenty fastest growing jobs for the next ten years, fifteen require specialized training only available at schools like the Career and Technology Center? A general high school diploma isn't enough anymore. You need something extra, and that is the type of training offered at The Career and Technology Center.

Who attends the CTC?

Students who want more in their high school careers find a variety of options open to them through career/technical education. If you plan to enter the workforce immediately after graduation, you need skills to get started toward a rewarding career. If college is in your future, you can start today by enrolling in any of the career/technical programs that are eligible for college credit through the Metropolitan Community Colleges (MCC).

Can I get College Credit through the CTC?

Absolutely! The Career and Technology Center is a member of the Metropolitan Community Colleges' Tech Prep Consortium. MCC recognizes the high level of programs at the CTC and awards college credit to students who meet the college's criteria. Many programs offer dual credit that is awarded upon completion of the course requirements and allow students to take the credit to colleges and universities other than the MCC. Some programs offer articulated credit, which is earned at the CTC, but is awarded after graduation and upon successful completion of the first semester at the college that is offering the credit. These dual and articulated credits allow students to graduate from high school with up to a semester of college already completed. Earning college credit requires the student to meet the college's criteria on (GPA) grade point average from their home high school, successful completion of the CTC program, and an appropriate score on one of several standardized tests (such as the ACT, MAP, or the MCC's ASSET).

What about Internships?

Students in courses at the Career and Technology Center have the chance to be involved in exciting internships at area businesses, industries, and companies. Both paid and unpaid internships allow students to put their knowledge to work while still in high school.

What about my college prep certificate?

The second year of most programs has been designated as an advanced career/technical program, and the credit may be applied to the high school preparatory studies certificate for graduation.

What is the level of expectation at the CTC?

The Career and Technology Center demands the same **high** levels of performance found in business and industry. Rigorous standards for attendance and student performance have been set that, when met, can result in a rewarding future for you.

How do I sign up?

Act now! Students from Fort Osage, Blue Springs, Blue Springs South, Grain Valley, and Oak Grove High Schools attend The Career and Technology Center, so space is limited. See your counselor for an application. Parents and prospective students will be invited to an orientation and/or open house and will be notified as to dates and times of this meeting.

AUTO COLLISION TECHNOLOGY GRADES: 11-12

**COURSE #: HS1610 A.M.
COURSE #: HS1612 P.M.
CREDITS: 3 Units**

(3 hours daily) (2 year program) (3 Units, 4 Sems.) 3 high school credits per year. **Twenty-six (26) hours of dual or articulated credit available through Longview Community College (MCC) if college's criteria are met.**

Course Description: Students learn the skills to work in entry-level jobs to repair damaged vehicles. Skilled workers remove dents, repair/replace damaged parts, weld torn metal, prepare, paint, polish, and detail vehicles. Students learn to estimate cost of damage and use various tools required to perform the repair tasks involved in the auto body industry.

AUTO TECHNOLOGY I GRADE: 11

**COURSE #: HS1614 A.M.
COURSE #: HS1616 P.M.
CREDITS: 3 Units**

(3 hours daily) (2 year program) (3 Units, 2 Sems.) **Up to ten (10) hours of articulated credit available over two years through Linn State Technical College if college's criteria are met. Ten (10) hours (total over two years) of dual or articulated credit available through Longview Community College (MCC) if college's criteria are met. This class can lead to internships with participating repair facilities and/or dealer-sponsored education.**

Course Description: Automotive Technology prepares the student to meet the challenges of diagnosis and repair of today's automobile. Instruction includes tool identification and use, gaining entry level skills for automotive employment, front-end alignment, steering and suspension, brakes, and engine repair. ASE certified.

AUTO TECHNOLOGY II
GRADE: 12

COURSE #: HS1602 A.M.
COURSE #: HS1603 P.M.
CREDITS: 3 Units

(3 hours daily) (2nd year program) (3 Units, 2 Sems.) **Up to ten (10) hours of articulated credit available over two years through Linn State Technical College if college's criteria are met. Ten (10) hours (total over two years) of dual or articulated credit available through Longview Community College (MCC) if college's criteria are met. This class can lead to internships with participating repair facilities and/or dealer-sponsored education.**

Course Description: This course prepares the student to meet the challenges of diagnosis and repair of today's automobile. Instruction includes advanced tool identification and use, electrical fundamentals, engine performance, college and career readiness fundamentals. ASE certified.

CONSTRUCTION TRADES TECHNOLOGY
GRADES: 11-12

COURSE #: HS1622 A.M.
COURSE #: HS1624 P.M.
CREDITS: 3 Units

(3 hours daily) (2 year program) (3 Units, 4 Sems.) **Advanced placement in construction apprenticeships available.**

Course Description: Students learn the step-by-step procedures of building a house or similar structure. Students learn tools, safety, blue print reading, wall framing, roofing, interior and exterior finishes, as well as other construction skills. Students who successfully complete this program may be ready to enter the construction trades industry.

COMPUTER AIDED DESIGN TECHNOLOGY (CAD-TECH)
GRADES: 11-12

COURSE #: HS1626 A.M.
COURSE #: HS1628 P.M.
CREDITS: 3 Units

(3 Units, 4 Sems.) (2 year program) First year seniors considered with available space. **Eight (8) hours of college credit available through Business and Technology College (MCC) if BTC's "credit by examination" criteria are met. (Additional opportunities may be available.)**

Course Description: Computer Aided Design (CAD) is used in product, architectural, graphic, and engineering design serving an incredible variety of fields such as aerospace engineering, landscape architecture and manufacturing. Offering both general and specialized design software and cutting edge technology, this course can offer students a variety of opportunities to learn about the drafting and design industry. With the use of our 3D prototyping machine, students can learn to gather the necessary data to plan, design and complete a finished product. The second year offers advanced studies of architectural design and blue print reading.

CULINARY ARTS
GRADES: 11-12

COURSE #: HS1605 A.M.
COURSE #: HS1606 P.M.
CREDITS: 3 Units

(3 Units, 4 Sems.) (2 year program) First year seniors considered with available space.

Course Description: The culinary field is one of the fastest growing fields in the world today. Simply turn on a TV and you'll find that master chefs have taken over several cable channels, displaying their craft for all to see. However, the career opportunities don't end there. In addition to learning technical cooking skills in the newly-built, state-of-the-art kitchen and classroom, students will study safety and sanitation, hospitality and customer service, nutrition and wellness, customer service and management, and employability skills. Community and catering events present unparalleled occasions for regional, seasonal menu design and demonstration cooking. This class is a rigorous, accelerated, and growth-driven program designed to provide students with the necessary skills and networking opportunities to pursue a career and/or continued education.

HEALTH SCIENCES
GRADE: 12

COURSE #: HS1638 A.M.
COURSE #: HS1640 P.M.
CREDITS: 3 Units

(3 Units, 2 Sems.) (1 year program) Missouri Certification for Nurse Assistants (CNA) available. Students must be able to drive to clinical settings in the Independence/Blue Springs area, wear approved scrub apparel and provide proof of required immunizations. American Heart Association CPR training is included. **CPR and first aid certification available. One (1) hour of articulated credit in Basic Emergency Care (EMPT 102) available through MCC-Penn Valley.**

Course Description: Health care is one of the fastest growing areas for employment. Students will learn about the five health science pathways through classroom instruction, job shadowing, and second semester clinical experience. Interested students can become eligible for Missouri Certification as Nursing Assistants. Students can earn one credit of their required science credit.

COMPUTER SUPPORT SPECIALIST I
GRADES: 11-12

COURSE #: HS1650 A.M.
COURSE #: HS1652 P.M.
CREDITS: 3 Units

(3 Units, 2 Sems.) (1st year program) **Twelve (12) hours of dual or articulated college credit available through Blue River Community College (MCC) if college's criteria are met. Successful students are prepared to take the A+ certification test.**

Course Description: Students learn end user support of microcomputers, software applications, problem-solving skills, trouble-shooting skills, and workplace skills. Fundamental concepts using state-of-the-art equipment validate their importance to the computer technician. Students learn the assembly and testing of today's PC, hardware and software diagnostics, and computer networking.

COMPUTER SUPPORT SPECIALIST II
GRADE: 12

COURSE #: HS1653 A.M.
COURSE #: HS1655 P.M.
CREDITS: 3 Units

(3 Units, 2 Sems.) (2nd year program.) **Eight (8) hours of "credit by examination" college credit will be available through The Business and Technology College (MCC) if college's criteria are met.**

Course Description: The Cisco Networking Academy is designed to help students build 21st century skills such as collaboration and problem solving while encouraging practical application of knowledge through hands-on activities and network simulations. This provides students training in the computer networking field. Students will design, configure, install and troubleshoot LANs and WANs. The on-line curricula helps students prepare for career opportunities, continuing education, and CCNA certification.

FIRE SCIENCE PROGRAM A.M.
GRADES: 11-12

COURSE #: HS1664
CREDITS: 3 Units

(3 Units, 2 Sems.) (1 year program) First year seniors are considered with available space. **Seventeen (17) hours of articulated credit available through MCC if college's criteria are met.**

Course Description: Students learn the basics of fire fighting that includes fire behavior, attack, and streams, inspections and the use of ladders, hoses, and breathing apparatus, techniques of rescue, and handling of hazardous materials. **Students who successfully complete the course may test for Hazmat Awareness, Hazmat Operations and Fire Fighter I and II certification.**

EMERGENCY MEDICAL TECHNICIAN P.M.
GRADE: 12

COURSE #: HS1665
CREDITS: 3 Units

(3 Units, 2 Sems.) (1 year program) First year senior (without Fire Science) considered with available space. **Eight (8) hours Emergency Medical Technician-Basic available through MCC's Paramedic Program, if college's criteria are met.**

Course Description: Students will learn the essentials of lifesaving through emergency medical procedures, including the care and transportation of the sick and injured. **Successful graduates are eligible to take the National Registry exam.** Due to the rigorous training, this course requires

excellent writing and verbal skills. **Students who have successfully completed the Fire Science Technology class will be given first priority for enrollment in this class.**

AGRICULTURE PRODUCTIONS P.M.

COURSE #: HS1670

GRADES: 11-12

CREDITS: 3 Units

(3 Units, Gr. 11-12, 4 Sem.) (First year seniors considered with available space.)

Course Description: Students will learn various metal fabrication techniques used in today's agricultural environment. Each student will fabricate several projects using ARC and MIG welders, oxy-acetylene torches, and plasma cutting equipment along with an assortment of hand tools. Students will have the option to purchase or sell the project at the end of the class. The students will also cover major production methods in animal and plant science. This course will also concentrate on the business side of the operation. Students will take field trips to observe agriculture production in action. This course is for advanced ag science students as well as those beginning students interested in a career in agriculture.

CSI/LAW ENFORCEMENT

COURSE #: HS1708 A.M.

GRADES: 11-12

COURSE #: HS1709 P.M.

CREDITS: 3 Units

(3 Units, 4 Sems.) (2 year program) First year seniors considered with available space.

Course Description: This Course is intended to be a general introduction to the American criminal justice system with emphasis on law enforcement. Students will explore U.S. Constitutional Law and the Missouri Criminal Code. Students will gain practical knowledge in crime scene and accident investigation, professional ethics and leadership skills, basic first aid and other general duties performed by law enforcement officials.

EASTERN JACKSON COUNTY EDUCATIONAL RESOURCE CENTER – INDEPENDENCE CENTER (Via CTC)

ENTREPRENEURIAL STUDIES

COURSE #: HS1689 A.M.

GRADE: 12

COURSE #: HS1690 P.M.

CREDITS: 3 Units

Prerequisite: Senior status, minimum 2.5 GPA recommended

(3 Units, 2 Sems.) (1 year program)

Course Description: Eighteen (18) hours of dual college credit available through Blue River Community College (MCC) if college's criteria are met. Students learn the essentials to start and operate a business using state-of-the-art technology. The class projects include a written business plan, establishing a business at Independence Center Mall that the students will plan, organize, and operate, and an eight-week internship in an approved business under the supervision of the owner/manager and teacher/coordinator. The course also includes individual and team research and oral presentation of projects with visuals. All of the projects are aligned with the Career and Technical Student Organization DECA. Students may be eligible for renewable scholarships sponsored through the Simon Youth Foundation.

SUMMIT TECHNOLOGY ACADEMY

The senior high schools of Blue Springs, in cooperation with the Lee's Summit high schools, offer an off-campus opportunity for qualifying students for advanced studies in electronics, bio-science, technology/manufacturing technologies, and computer science.

**Summit Technology Academy Course Offerings
For the 2011-2012 School Year**

A **Center of Excellence** is the site of a specialty career-related program. Acceptance into a Center of Excellence program requires a student to have a minimum 2.0 GPA and a 90% or better attendance

rate. Students interested should contact their counselor for an application. Programs marked with an asterisk (*) are approved Center of Excellence programs.

** **Project Lead The Way** is a nationally recognized engineering and biomedical curriculum being offered through the Lee's Summit School District. Introduction to Engineering & Design, (IED) Civil Engineering and Architecture (CEA), and Principles of Engineering (POE), are introductory engineering courses being offered at LSHS, LSN, and LSW. In addition, Principles of Biomedical Sciences and Human Anatomy & Physiology/Human Body Systems are introductory biomedical courses offered at all three high schools. **Students can advance these studies through Digital Electronics, and Engineering Design and Development offered at Summit Technology Academy.** Ask your guidance counselor about information regarding PLTW or go to www.pltw.org Courses marked with a double asterisk (**) are approved Project Lead the Way courses.

Independent Study Project-Students enrolled at STA will receive 2.5 units of credit upon successful completion of a full year course. **Each student enrolls for an additional .5 credit of independent study for a total of 3 units of credit earned.** (Educator Cadet's only receive 2 high school units of credit, and do not complete an independent study project).

COMPUTER INTEGRATED MANUFACTURING PLTW (Spring A.M. & P.M.)

GRADES: 11-12

Prerequisite: GPA: 2.0 cumulative or better;

Attendance 90% or better; Math: Algebra I.

Introduction to Engineering Design PLTW

Recommended: Digital Electronics, Geometry

Course Description: This course is designed to expose students to the fundamentals of computerized manufacturing technology. The course is built around several key concepts: Computer Modeling-using a three dimensional, solid modeling software package with mass property analysis. CNC Equipment-understanding the machine tools and its operating and programming aspects. CAM Software-converting computer generated geometry into a program to drive CNC machine tools. Robotics-using a robot for materials handling and assembly operations. Flexible Manufacturing Systems-working in teams to design manufacturing work-cells and table top factory simulations.

COURSE #: HS1607 A.M.(2nd Sem)

COURSE #: HS1601 P.M.(2nd Sem)

CREDITS: 1.5 Units

ENGINEERING DESIGN AND DEVELOPMENT PLTW (Year-long)

GRADE: 12

COURSE #: HS1693 A.M.

COURSE #: HS1694 P.M.

CREDITS: 3.0 Units

Dual Credit: CE/ME 111, University of Missouri-Kansas City, School of Computing & Engineering.

Prerequisite: GPA: 2.5 cumulative or better; Attendance: 90% or better; Math: Algebra II with a B or better. Other requirements: Completion of Digital Electronics with C or better, Principles of Engineering PLTW or high school Physics with a B or better.

Recommended: Geometry

Course Description: This is a full year engineering research course in which students work on two major engineering projects as well as a research topic during the year. Fall semester students work on an open-ended EDD problem in which they research, design, and devise a solution. During the second semester, students work in teams to research, design, and construct a solution to an open-ended engineering problem through the Lee's Summit Public Works Department. Students apply principles developed in the four preceding courses, learn advanced physics applications, and are guided by an engineering mentor. They must present progress reports, submit a final written report, and defend their solutions to a panel of outside reviewers at the end of the school year.

IT ESSENTIALS* (Fall A.M. & P.M.)
GRADES: 11-12

COURSE #: HS1685 A.M. (1st Sem)
COURSE #: HS1686 P.M. (1st Sem)
CREDITS: 1.5 Units

Dual Credit: 6 hours at Metropolitan Community College—CSIS 112-113 or UCM Net 1060-1061 (eligible students)*

Prerequisite: GPA: 2.5 cumulative or better; Attendance: 90% or better; Math: Algebra I, B- or better; Reading/Writing: Current grade level; Other requirement: Keyboarding, minimum 30 WPM. Outside class internet access is highly recommended.

Recommended: Computer Hardware and Operating Systems, Algebra II.

Course Description: This course prepares students for careers as network technicians, as well as, help desk and customer service positions. It provides a basic overview of routing, remote access, addressing, monitoring, security, and troubleshooting. It also familiarizes students with servers that provide email services, web space, and authenticated access. This course helps the student prepare for the Cisco Certified Entry Network Technician certification exam.

NETWORKING ESSENTIALS* (Spring A.M. & P.M.)
GRADES: 11-12

COURSE #: HS1691 A.M. (2nd Sem)
COURSE#: HS1692 P.M. (2nd Sem)
CREDITS: 1.5 Units

Dual Credit: 6 hours at Metropolitan Community College—CSIS 212, 213 or UCM Net 2060-2061 (eligible students)*

PREREQUISITE: GPA: 2.5 cumulative or better; Attendance: 90% or better; Math: Algebra I, B- or better; Reading/Writing: Current grade level; Other requirement: Keyboarding, minimum 30 WPM. Outside class internet access is highly recommended.

Recommended: Minimum grade of C in IT Essentials; Algebra II.

Course Description: This course familiarizes students with the equipment, applications, protocols, and design principles in enterprise networks. This course focuses on switched networks, IP telephony requirements, and security and introduces advanced protocols. With IT Essentials, this course helps the student prepare for the Cisco Certified Network Associate certification exam.

NETWORK SECURITY* (Fall A.M. & P.M.)
GRADE: 12

COURSE #: HS1695 A.M. (1st Sem)
HS1696 P.M. (1st Sem)
CREDITS: 1.5 Units

Dual Credit: 3 hours with UCM, Net 3068 (eligible students)*

Prerequisite: Instructor Approval

Course Description: This course teaches students the skills needed to obtain entry-level security specialist jobs. It provides a hands-on introduction to network security. Instructors are encouraged to provide outside-the-classroom learning experiences. This course helps the student prepare for the Certified Cisco Network Associate Security certification exam.

DIGITAL MEDIA TECHNOLOGY* (Year-long)
GRADES: 11-12

COURSE #: HS1705 A.M.
HS1706 P.M.
CREDITS: 3 Units

Prerequisite: GPA: 2.0 cumulative or better; Attendance: 90% or better; Math: Algebra I, C or better; Reading/Writing: 10th grade level; one credit in Fine Arts.

Recommended: Computer Applications or Programming; proficiency in keyboarding

Course Description: The Entertainment Media Technology program at Summit Technology Academy gives students an opportunity to explore and prepare for careers in the entertainment and media communications industries. Students will focus on audio production technologies including sound generation, studio recording and live sound reinforcement. They will work in teams to integrate music, graphics and video technologies in entrepreneurial projects for their schools and/or communities.

MEDICAL INTERVENTIONS/BIOMEDICAL INNOVATION* ** (Year-long) COURSE #: HS1687 A.M.
GRADES: 11-12 COURSE #: HS1688 P.M.
CREDITS: 3 Units

Dual Credit: Eligible Students- Bio-Sci 188 Intro to Biomedical Problems & Bio-Sci 175 Intro to Biological Design & Innovation (Missouri S & T)

PREREQUISITE: GPA: 2.5 cumulative or better; Attendance: 90% or better; PLTW Principles of Biomedical Science and Human Body Systems; or Anatomy-Physiology, and Chemistry; Students will have a background check and a TB test

Recommended: Principles of Biomedical Sciences, Human Body systems, and Computer Applications

Course Description: Medical Interventions™ Students investigate the variety of interventions involved in the prevention, diagnosis and treatment of disease as they follow the lives of a fictitious family. The course is a "How-To" manual for maintaining overall health and homeostasis in the body as students explore how to prevent and fight infection, how to screen and evaluate the code in human DNA, how to prevent, diagnose and treat cancer, and how to prevail when the organs of the body begin to fail. Students are exposed to the wide range of interventions related to immunology, surgery, genetics, pharmacology, medical devices, and diagnostics.

Biomedical Innovation™ In this capstone course students design and conduct experiments related to the diagnosis, treatment, and prevention of disease or illness. They apply their knowledge and skills to solve problems related to Bio-Medical science. They may work with a mentor or advisor from a university, hospital, physician's office, or industry as they complete their work. Students are expected to present the results of their work to an adult audience, which may include representatives from the local healthcare or business community, or partnership team.

PRE-PROFESSIONAL NURSING* (Year-long) COURSE #: HS6671 A.M.
GRADE: 12 HS6669 P.M.
CREDITS: 3 Units

Dual Credit: Bio I 150 (2 credit hours) Metropolitan Community College (for eligible students)* Eligible students can also earn 4 credit hours through University of Central Missouri.

Prerequisite: GPA: 2.0 cumulative or better; Attendance: 90% or better; Math: Algebra I, C or better; Reading/Writing: 10th grade level; Biology and Chemistry, C or better; background check.

Recommended: Anatomy/Physiology (completed or concurrent enrollment); Chemistry II; Algebra II; College Prep English

This course is designed to prepare senior students, who have identified nursing as a clear career goal, for a collegiate registered nursing program. Students will learn through classroom instruction and practice in a clinical skills lab. Major units of study include nursing history and career exploration, pharmaceutical math, CPR/First Aid, nursing skills, and medical terminology. The course will introduce students to the nursing process, nursing documentation, effective communication skills and medical ethics. Students will learn and use APA style in the production of a research paper.

Dual college credit options are subject to change based on instructor qualifications and college requirements. **STA nursing students will also have an opportunity to earn C.N.A. certification via an evening program at an extra cost.**

SUMMIT INTERNATIONAL STUDIES ACADEMY* (P.M. only) COURSE #: HS6701 P.M.
GRADES: 11-12 CREDITS: 3 Units

Prerequisite: GPA: 2.5 cumulative or better, Attendance: 90% or better; Students must have completed, or be enrolled in a level II Modern Language course.

Recommended: Computer Applications, Business, and Economics World History.

Course Description: Summit International Studies Academy (SISA) provides students with an in-depth exposure to the major regions and languages of the world. Students will work with industry-standard technology and train members of the community in world cultures. SISA is a long-term corporate simulation, which means that the classroom is run like a business environment as students become active intercultural consultants within the community. Students will also operate in a collaborative environment, utilizing student teams to guide the curriculum. Students will be expected to exhibit a high level of responsibility including professional conduct and certain dress codes. Students will work

together to direct their own learning. Students will interview for teams, bringing their unique skills and interests to the team, and will receive additional training in economics and political science that they will use to analyze the current global situation.

NON-CREDIT

STUDY HALL
GRADES: 11-12

COURSE #: HS9910 (1ST Sem)
HS9911 (2ND Sem)

A student may not enroll in more than one study hall per semester. Counselor approval is required.

SUMMER SCHOOL

Summer school courses are offered for remediation and enrichment. Courses taken during the summer do count in a student's GPA. Please see your counselor for an application for summer school programs.
